THREE CENTS

HOOVER WINS SWEEPING VICTORY IN OHIO PRIMARY

Floyd Bennett Dies In Quebec

FAMOUS FLIER VICTIM TODAY OF PNEUMONIA

Conquerer of the North
Pole Unable To Make
Rally In North

LINDY'S HOP TO
AID HIM IN VAIN

Serum, Rushed By Plane,
Fails To Save Life
Of Pole Airman

Quebec, Que., April 25.—Floyd Bennett, internationally famous aviator and conqueror of the North pole died at 10.53 this morning in the Jeffrey Hale hospital of pneumonia which he had contracted in the line of duty.

Bennett was 38 years old. He was born at Lake George, N. Y., on October 25, 1890, and his present home was in Brooklyn, N. Y.

He was one of the most courageous aviators whose name has been written indelibly in the annals of aviation progress. His greatest achievement was when, as copilot for Commander Richard E. Byrd, in 1926, he flew to the North pole—the first time this epic feat had been accomplished.

Bennett's death was hastened by his fidelity to duty. He was ill when he left Detroit several days ago in the Ford rescue plane which was bringing replacements for the trans-Atlantic Bremen which was forced down on Greenly Island. He was forced to give up the flight when half way and was taken to the hospital in Quebec.

Byrd, Lindy, Heartbroken
Drama and pathos surrounded last minute efforts to save Bennett's life. Col. Charles A. Lindbergh, a comrade of the air, learning that a special serum was needed for the treatment of Bennett, sped in an airplane from Curtiss Field, New York, yesterday afternoon with the serum, arriving in a raging snow storm at 6.30 last evening. Lindbergh flew as he never flew before, making the distance in record time. The serum, however, was not the kind necessary and his dramatic trip proved in vain.

Lindbergh, who had been nervously waiting at Chateau Frontenac since early morning—had risen earlier than usual so as to be ready to do anything further that might be within his power—was heartbroken when he heard that Bennett had passed away.

So was Commander Richard E. Byrd, for years a bosom friend of Bennett's. He had already named Bennett as second in command of their expedition this fall to the South Pole.

"I am too grieved for words," said Byrd, tears in his eyes. For days he had been at the hospital, aiding Bennett all he could. Both Bennett and Byrd had received numerous decorations for their great work as fliers, including the congressional medal of honor. President Coolidge on one occasion presented Byrd with the Hubbard medal of the National Geographical Society and pinned on Bennett a gold medal.

FALL OF PEKING NOW IMMINENT

Two Southern Armies Are
Moving Northward To
Effect Capture

Washington, April 25.—With two southern armies moving northward in Shantung, Shansi, and Chihli provinces virtually unopposed, the fall of Peking is imminent, according to official military advisers reaching here today.

Several hundred Americans scattered throughout Northern Shantung province have been ordered to concentrate on the seaport of Chefoo and state department experts are considering the advisability of evacuating all Americans in three war torn provinces. About 2,500 Americans with the potential battle area.

Additional naval vessels have been asked by American Consul Webber at Chefoo. Two British naval vessels are standing by.

Aid Society Group
Will Plant Tree

Division 1 of the Ladies' Aid society of the Presbyterian church will observe Arbor day Friday afternoon by planting a tree at Centennial park.

The planting will be by Troop 31, Boy Scouts, of which George Trisler is scoutmaster.

Proceeding the planting of the tree this division will hold a meeting at the home of Mrs. A. C. Hollibaugh, East High st. Mrs. C. C. Ressler will be associate hostess.

Jim Mills Walks Home from County Infirmary In Vain

"Jim" Mills, one of Salem's oldest colored citizens, took "French leave" from the county infirmary last night, where he has been an inmate since last summer.

Mayor Phil Hiddleston was notified of Mills' "A. W. O. L." by John Neil, superintendent of the infirmary, who suspected that Mills had returned to Salem, and he was picked up on Main st. late last night. He was lodged in the city jail until Neil arrived to return him to the home.

The inmates of the infirmary were given their spring outing yesterday, and in the checkup last night, Mills was found missing. It is believed that he walked the entire distance from the home to Salem, a distance of 13 miles.

TETLOW FAVORS COMBINE TO AID COAL INDUSTRY

Stabilizing of Prices Is
Needed, Speaker Tells
Rotary Club

Consolidation of mines and stabilizing of prices will solve the crisis in the coal mining industry in this country, according to views expressed by Percy Tetlow of Columbus, national statistician of the United Mine Workers of America, in an address before the Rotary club Tuesday noon at the Elks' home.

Tetlow, a former Salem man who still claims Salem as his legal residence, was presented to the club by C. C. Gibson, chairman of the day. Before entering into a discussion of mining conditions in this country, he gave a summary of his observations of industrial conditions in Europe, which he studied on a recent trip.

Germany is taking the lead, industrially, in Europe because that country has concentrated its efforts on production and has stabilized prices and wages through government control, Tetlow said. He found conditions not so good in France and Belgium, with England facing the greatest industrial crisis of any European nation.

Russian propaganda, which is seeking the destruction of government and replacing it with a proletarian dictatorship, has made great inroads in Great Britain, the speaker declared, and this is threatening the very life of that country.

Instead of bringing the hoped-for adjustment of troubles between the nations, Europe's problems have been intensified since the war, according to the speaker.

Tetlow spoke at length on the coal mine situation in this country. He said the industry is over-developed, that the operator cannot get enough for his coal to pay the miner a wage upon which he can maintain living standards of today, and that if present conditions continue, it will mean a survival of the fittest.

To overcome this situation, Tetlow would provide for consolidation of mining properties for more economical operation. To do this, he added, it would be necessary to change the Sherman anti-trust law so the coal combines would not violate the law. He also favors governmental control and prevent government ownership.

RETAIN MANAGER IN CLEVELAND

Cleveland, April 25.—For the second time within six months, Cleveland Tuesday voted to retain the present city manager form of government defeating the Harry Davis charter amendment, which called for a return to the mayorality system in 1929, by a majority of 2,763.

Goes To His Grave
With Pledge Intact

Middleport, April 25.—John Behan, 86, who declared during the Civil war that he would never cut his hair or shave until the south had won, died at his home here with his pledge unbroken. With his flowing hair, and long, white whiskers, Behan was a picturesque village character and had been active in politics in this vicinity for many years.

Mission Worker Is
Slain By Bandits

Peking, April 25.—Rev. Dr. Seymour, a member of the Presbyterian mission in China for the past 30 years, was shot and killed by Chinese troops at Tsinning according to word received here today from American refugees stranded in the Shantung war area.

LOCKHART KILLED DURING ATTEMPT TO BREAK RECORD

Rear Tire Blows Out and
Stutz Blackhawk Turns
Over In the Air

DAYTONA BEACH
SCENE OF DEATH

He Was One of World's
Most Famous Auto
Racing Drivers

Daytona Beach, Fla., April 25.—Frank Lockhart, one of the world's most famous racing drivers, was fatally injured here today when his car somersaulted as he was making an attempt to break the world's speed record.

Lockhart was thrown clear of the Stutz Blackhawk as it turned over the first time but received injuries from which he died shortly after reaching the hospital.

It was at first believed that the light construction of the front part of his car caused it to "lift" with the powerful rush of wind beneath it, but examination of the car, which was almost demolished, proved that a rear left tire had blown out.

Lockhart had gone south on the smooth beach at an estimated speed of about 203 miles an hour, the best time he had recorded in any of his attempts at the record—207 miles an hour—and had started back on the north run when the accident occurred in front of the grandstand.

Yesterday he made six trials but the highest speed he could attain was 191 miles an hour. He was confident he would break the record in today's attempt.

MEASLES CASES BRING WARNING

4,600 Cases of Disease In
Ohio, Department Of
Health Says

Columbus, April 25.—Warnings are being issued by the state health department here for the mothers to be on guard against measles on their children, following a report received by the department that during March 4,600 cases were discovered in the state.

An increase is predicted in the number of cases this month and during May.

Only 933 cases were reported in March last year.

Two hundred and twenty-five cases are reported in Columbus at the present time.

Exam For Firemen
To Be Held May 10

The civil service examination for city firemen will be held by the civil service commission on May 10, it was announced today.

Pending the exam, the fire department will add two men provisionally on May 1 until after the papers are graded.

Examination will be held April 30 for fire lieutenant. This exam is open only to men now on the force.

Oklahoma To Cast
20 Votes For Curtis

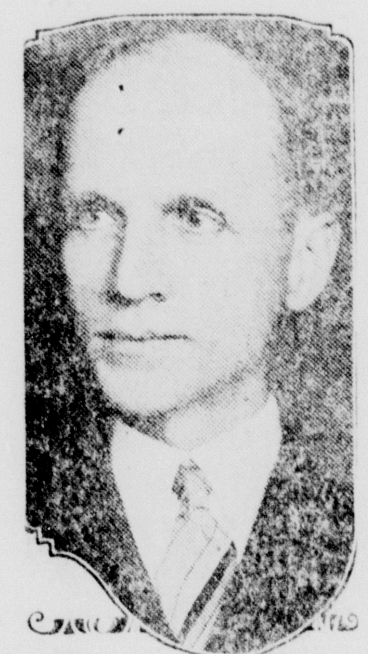

Oklahoma City, Okla., April 25.—Oklahoma's delegation to the Republican national convention at Kansas City will cast its 20 votes first for Senator Curtis, second for Governor Lowden, under qualified instructions voted by the state convention yesterday.

LEAVING BREMEN; TAKE FORD PLANE

BY BARON GUNTNER VON HUENEFELD
Commander-in-chief of the Junkers Plane Bremen
(Copyright, 1928)

Point Amour, April 25.—Sorry the start of Bremen impossible on account of present ice conditions caused by changed weather. Taking into consideration that the public in New York is waiting, we have decided with a heavy heart to leave the Bremen here for some time and to start tomorrow with the machine so very kindly sent by the mayor of New York.

Kiwansians To Hear Ohio Bell Expert

DIRK SCHREGARDUS

Dirk Schregardus, transmission engineer of the Ohio Bell Telephone company will address the Kiwanis club Thursday noon at the Memorial building.

His subject will be on trans-Atlantic telephony and television. These are the latest telephonic developments and Mr. Schregardus is very familiar with the subjects. The speaker has been secured by H. M. Huffman, commercial manager of the Ohio Bell here.

HOLD DISTRICT SESSION TODAY OF AUXILIARIES

Hiddleston Welcomes Women To City; State Officers Here

Mrs. E. E. Moore, Newark, state president, and Mrs. Marie Moore, of Newark, state secretary, were guests of the Northeast district of the American Legion auxiliary at its conference here Wednesday at the Elks' home.

Supervisor of the Northeast district, president, and Mrs. Marie Moore, of Newark, state secretary, were guests of the Northeast district of the American Legion auxiliary at its conference here Wednesday at the Elks' home.

Up until noon 187 women, representatives of the 84 units in the district had registered and more came in during the afternoon.

The women were welcomed to the city by Mayor Phil Hiddleston, who gave a talk at the opening session this morning. The mayor paid a tribute to these women, some of whom are gold star mothers.

Frank Griffin, of Charles H. Carey post No. 56, gave a talk, and Mrs. James Briggs, of Canton formerly of Salem, entertained with a whistling solo. Following these numbers business was transacted and reports from the different units read.

At the afternoon session the Salem unit put on a beautiful drill and the initiatory work was exemplified by the Lisbon unit.

Mrs. Charles Germond, of Conneaut, of the department hospital board, was among the visitors here. Merchants of the city honored the Salem unit by displaying American flags through the downtown district.

The conference sessions were in the Elks ballroom and this was attractively decorated in the national colors and green vines.

Some of the women here for the conference expect to stay for this evening's entertainment at the Legion home, McKinley ave. Game, and other diversions will entertain.

Walter Taylor, Back From China, Speaks To Salem Students

Walter Taylor, formerly of Salem, who spent some time in China, where he was engaged as mission architect for the Episcopal church, gave an interesting talk at the Junior High school Tuesday morning.

Taylor, who left China on account of war conditions, discussed conditions in that country, including politics and the cause of the conflict. He stated that the Chinese were really friendly toward America, but that it was the Russians who were stirring up trouble.

Since returning to this country Taylor has spent some months at Los Angeles, Calif.

Mr. and Mrs. Taylor and infant son, were guests Monday and Tuesday at the home of Mr. and Mrs. Fred J. Tate, Cleveland ave. They returned last evening to North Canton and from there will go to Columbus, then on to New York City. In that city Mr. Taylor will engage in architectural work, and study at Columbia university.

Drinks Acid; Dies

St. Clairsville, April 25.—Funeral services for Miss Melissa Spratt, 52, who committed suicide by drinking acid in the hayloft of a barn at her home near Cumberland, this county, will be held tomorrow. It was announced today. The victim suffered from insomnia.

Given Majority Of Delegates; Brush, Wickersham Elected

DISTRICT PICKS WILLIS FRIENDS FOR DELEGATES

Brush and Wickersham on
Winning Ticket In
18th District

FOUR COUNTIES
GIVE THEM LEAD

Will Go To Convention In
Kansas City Without
Being "Tied"

BULLETIN
Total figures from the 18th district, compiled shortly after noon today, give Brush and Wickersham a commanding lead for district delegates.

The total unofficial vote gives: Brush, 5,649; Wickersham, 6,130; George, 4,047; Kirk, 3,800.

The 18th congressional district of Ohio will send Louis H. Brush of Salem and Howard L. Wickersham of Steubenville to the Republican national convention at Kansas City in June as unopposed delegates.

These candidates on the original Willis ticket defeated W. Campbell George of East Palestine and John W. Kirk of St. Clairsville, Hoover candidates, in the district election Tuesday by substantial majorities.

Although the Hoover candidates carried Columbiana county, the unopposed Willis candidates led the way in the other four counties of the district—Jefferson, Belmont, Carroll and Harrison.

With several rural precincts in Jefferson and Belmont counties missing, the total votes today stood: Brush 4,331, Wickersham 4,685, George 3,336, Kirk 3,097. However, there are not enough votes in the precincts still out to alter the standing of the candidates.

Results in the five counties are:
Columbiana—Brush 1,482, George 1,878, Kirk 1,626, Wickersham 1,505.
Jefferson—Brush 1,098, George 684, Kirk 626, Wickersham 1,361.
Belmont—Brush 626, George 389, Kirk 415, Wickersham 662.
Carroll—Brush 686, George 185, Kirk 155, Wickersham 725.
Harrison—Brush 439, George 250, Kirk 265, Wickersham 432.

Mrs. Wilma Sinclair LeVan of Steubenville, national committee-woman for Ohio, was the only candidate for delegates-at-large on the Willis ticket given a majority in Columbiana county. She also carried all the other counties and was given so in no uncertain terms.

"In most of the Ohio districts the machinery was anti-Hoover. The state organization threw the full weight of its influence against him. In full page advertisements in Ohio newspapers the people were informed that a vote against Hoover meant a vote for Dawes or Lowden or Hughes. It was the field against Hoover and Hoover won."

Hoover's present delegate strength from those states that have acted, and in one way or another stifled their choice from the Republican nomination at Kansas City, follows.

QUAKES RAVAGE BALKANS AGAIN

London, April 25.—Earthquakes continued to raise havoc in the Balkans today.

Athens was rocked by a severe shock early this morning, according to a dispatch from the Grecian capital. No casualties were reported.

The first shock was followed by several others of minor intensity which were accompanied by rain and hail.

The few structures in Corinth which survived Monday's quakes were destroyed by today's shocks, the dispatches stated.

Salem's Radio Fans
Hear Rotary Chorus

A chorus of 200 voices, which entertained at the 21st district conference of Rotary at Cleveland public auditorium Tuesday night, was heard by Salem radio fans over station WTAM. Included in the chorus were R. S. McCulloch and W. H. Matthews of Salem.

Several other Rotarians are attending this annual conference of Northern Ohio Rotarians. G. J. Bunn and W. L. Strain, who started for the conference Tuesday, figured in an auto collision near Parkman, but neither man was injured. Two Cleveland women, in the car which struck Bunn's auto, were cut and bruised, but were able to return to their home in Cleveland Heights.

Killed Under Train

Orville, O., April 25.—John R. Beale, 64, who killed here when he attempted to climb over a couple between two cars of a freight train and was thrown under the wheels. A wife and four children survive.

BEST USED CARS IN TOWN
ARE SOLD BY U. S. KISELEY
& SON INC., HOWARD ST.

Scouts Are Given Merit Badges By Court of Awards

Twelve Boy Scouts, members of Troops 1, 4 and 31, were awarded merit badges, earned in the last two months, at the court of awards held Tuesday evening in the Memorial building.

Paul Stratton of the High school faculty gave an interesting talk on "Ants" and Charles Felton county scout executive, told about the county camp, which is to open at Eagleton's glens in June for an eight weeks' period.

The court of awards committee was composed of Dr. T. T. Church, Atty. Joel Sharp, Atty. Charles McCorkill, Robert T. Anderson and John Koentz.

UNABLE TO STOP HOOVER NOW, IS CRY IN CAPITAL

Massachusetts Gives 39
Votes To Secretary;
Friends Jubilant

Washington, April 25.—Herbert Hoover's forces were jubilantly proclaiming in Washington today that "Hoover cannot now be stopped."

The decisive victories scored by the cabinet candidate in the Ohio and Massachusetts primaries afforded the basis for their optimism and their confident claims to the nomination at Kansas City.

The exact dimensions of these victories in terms of delegates remain to be disclosed by tabulations in rural districts where the Hoover opposition was strongest, but on the basis of present figures it seems certain that Hoover will have the 39 delegates from Massachusetts and probably 31 of Ohio's delegation of 51.

On that basis, Hoover has boosted his delegate standing to date to approximately 240, with much favorable Hoover territory yet to be heard from. A majority of the Kansas City convention necessary to nominate is 545. The same tables show his nearest rival, ex-Gov. Frank O. Lowden of Illinois, with 171.

"Nothing Can Stop Him."
"Nothing can now stop the nomination of Herbert Hoover," said ex-Congressman James W. Good, who has assumed active charge of headquarters here. "The Ohio and Massachusetts primaries have given the rank and file of the Republicans the first real opportunity to express their choice. They have done so in no uncertain terms."

"In most of the Ohio districts the machinery was anti-Hoover. The state organization threw the full weight of its influence against him. In full page advertisements in Ohio newspapers the people were informed that a vote against Hoover meant a vote for Dawes or Lowden or Hughes. It was the field against Hoover and Hoover won."

Hoover's present delegate strength from those states that have acted, and in one way or another stifled their choice from the Republican nomination at Kansas City, follows.

Present Strength
Georgia, 16; Iowa, 2; Kentucky, 29; Louisiana, 12; Maine, 14; Michigan, 33; Minnesota, 4; Missouri, 6; New Hampshire, 12; North Carolina, 12.

BOY SCOUTS TO CAMP AT GLENS

The Columbiana County Boy Scouts' camp this season will be located at Eagleton's glens on the Lisbon-Salem rd. it was announced today by County Scout Executive Charles E. Felton, of Lisbon.

The camp will open June 25, when the first of the troops will pitch camp. Last year the camp was maintained at Lake Placidia in Knox township.

School Principal Is Held For Jury

New Lexington, O., April 25.—Sheldon Kinsel, principal of the Bristol school, near here, pleaded not guilty today to assault and battery charges preferred against him by Constable James Deavers and was bound over to the Perry county grand jury. Deavers claims that Kinsel punished his 14-year-old son so severely that the boy received injuries which required medical attention.

SERPENTINE DANCE TONIGHT
MACCABEE HALL. DON'T MISS THIS ONE. WATSON'S ENTERTAINERS.

SECRETARY TO HAVE 31 VOTES OF DELEGATION

Unofficial Returns Over
State Demonstrate
His Popularity

SEVEN DELEGATES
AT LARGE FOR HIM

Al Smith Big Favorite
As Democrats Write
His Name In

Columbus, April 25.—That Herbert Hoover will have at least 31 of the 51 votes in Ohio's delegation to the Republican national convention was indicated by practically complete unofficial returns this afternoon.

Unofficial returns from 7,127 precincts on the presidential preference vote gave:

Hoover, 171,607; Willis, 67,817; Ross, 6,475; Coolidge, 139; Dawes, 1,987; Lowden, 1,453; Curtis, 8.

Unofficial returns of the votes cast for Republican candidates for delegates-at-large in 7,579 precincts gave:

Hoover candidates: Burton, 176,661; Taft, 174,206; Brown, 170,087; Farnsworth, 166,235; Orton, 162,496; Curry, 163,999; Clark, 162,988.

Willis candidates: Thomas, 98,587; Fess, 95,842; Warner, 89,225; Edwards, 89,392; LeVan, 85,742; Vollrath, 82,610; Beatty, 82,714.

Columbus, April 25.—That Secretary of Commerce Herbert Hoover won a sweeping victory in Ohio's presidential preference primaries was indicated by unofficial returns available at the offices of Secretary of State Clarence J. Brown today.

With approximately 75 per cent of the Buckeye state's election precincts reporting unofficially, indications were that 33 Hoover delegates and 18 Willis delegates were elected. Besides making a clean sweep of the seven delegates-at-large, the Hoover forces, apparently, elected 26 district delegates. The Willis forces winning the 18 remaining delegates.

On the basis of available returns, Hoover is the choice of Ohio Republicans for the presidential nomination, leading his nearest opponent in the presidential preference vote by a margin of more than 2 to 1.

All seven Hoover candidates for delegates-at-large appear to be elected, defeating the Willis candidates by majorities greater than 3 to 1.

Tabulation of unofficial returns received at the secretary of state's office early today from 6,317 of Ohio's approximately 8,700 precincts give:

Preference vote. For Herbert Hoover, 154,606. For the late U. S. Senator Frank B. Willis, 49,948. For (Continued on Page 4)

GIVE LIFE TERM TO WIFE SLAYER

Kent, April 25.—William Madison, 50, who Tuesday entered a plea of guilty to a charge of second degree murder for the ax-slaying of his wife, Josephine, 43, here April 7, last, today faced a life term in the Ohio penitentiary.

Common Pleas Judge C. B. Newton passed sentence on Madison. A first degree murder charge against Madison was changed to second degree after the convicted man had pleaded not guilty to the first degree charge Monday.

HOSPITAL WILL BE READY SOON AT FAIRMOUNT

Lisbon, April 25.—During a joint meeting of the commissioners of Stark and Columbiana counties held at the Fairmount Children's Home Tuesday, it was announced that the new children's hospital, being built there will be completed within the next 30 days.

A number of slight changes have been made in the original plan of the building, and it will not be ready for occupancy until the latter part of June.

Wrangel, Leader Of White Army, Dead

Brussels, April 25.—Baron Peter Wrangel, leader of the Russian white army that made war against the red army in southern Russia in 1920, died here today.

He had been living quietly in a villa on the outskirts of the city for several years, awaiting an opportunity to launch a new military movement against the Russian communists. Baron Wrangel had been ill for several months.

WHEN CENSURE IS HARSH

You know you need criticism in your work, so you seek it.

To whom do you go for advice? Do you ask those who know less about the matter than you do?

Or do you go to one who maintains a high standard in your line and whom you know to be fearless in expressing his or her opinion?

Do you shrink from adverse criticism?

Do you intend to get what you want, that is—compliments—or do you intend to get what you need, a knowledge of your shortcomings?

You are rather sensitive—harsh criticism hurts deeply.

It is a surgeon's knife to you, to have a blunt expression of distaste or disapproval, from your associates in business.

And yet you are falling down. You sense it and cannot get at the reason.

Then put your pride away; find the one whom you know to be the most critical and hard to please, and get at the heart of your failure.

Don't resent an opinion expressed against you till you have thought it over carefully, to see if it can help you.

ABILITY SADLY MISPLACED

Although the new Lloyd Sabaudio liner, Conte Grande, had been alongside her pier in New York since last February, and had twice been searched by customs officers, it was not until Tuesday that a stowaway, Vincenzo Basti, 29 years of age, an interior decorator of Trieste, was arrested as he attempted to go ashore and taken to Ellis Island to be held for deportation.

The New York City papers, in telling the story of Basti's arrest, related that he had worked for four months on the liner for the bul'lers at Monte Faucione, near Trieste, and that while thus engaged had built for himself a snug secret cabin in an alcove near the after first-class companionway and fitted it with every comfort, including bed, washstand, bookcase, small table, chair, electric light, ventilator and carpet. He even supplied his retreat with wines, brandy, mineral waters, food and fruit.

Entrance was by a sliding panel, so skillfully concealed that it escaped the eyes of a special searching squad. The young Italian decorator had provided for every contingency except that of getting off the liner in New York without being detected by the watchmen at the gangways.

Basti was put aboard the Conte Grande and will be taken back to Genoa, where he will face arrest as a stowaway.

We do not know, of course, what conditions faced this stowaway over in Italy, but we can not help but feel that had he applied to the purpose anything like the initiative, the persistence, the time and labor, he gave to his attempt to enter this country in an illegitimate way, he could have entered it in a legal way. Certainly a man, who, in addition to being the fine interior decorator the work upon which he was engaged shows him to have been, was also a plumber and an electrician and a sufficiently fine carpenter to construct a sliding panel of such workmanship as to escape the scrutiny of the ship's officers and the customs people, should have been able to earn enough beyond the cost of his living to meet the very trifling cost of the cheapest passage from Italy to this country.

But such is life. Often half the time and effort people devote to trickery would bring them success if applied in a legitimate way.

If people can't be made cigaret proof, warnings on skyscrapers will have to be made fireproof. — St. Louis Globe-Democrat.

It may be Trotsky's privilege to imitate Mark Twain and say that reports of his death were greatly exaggerated. — Washington Star.

Time was when cigarets were referred to as snuff and pins. Now they are supposed to be good for what's the matter with you.—Macon Telegraph.

What Others Say

FLOOD CONTROL

While President Coolidge expresses alarm over the cost of the senate flood-control plan, now being debated in the house, the matter of cost does not represent the nub of the controversy. The president estimates that \$1,400,000,000 would have to be expended under the plan approved by the senate and favorably looked upon by the house flood-control leaders. He insists that the appropriation must be definite and not in excess of \$325,000,000. But the question of cost should not be allowed to wreck a flood-control costs \$1,000,000,000, the money would be well spent.

The serious phase of the matter lies in the president's grave charges that the flood-control plan, as now framed by the legislators, will protect and enrich special interests while overlooking protection of the chief sufferers of the floods, the property owners of the lower Mississippi. In other words, the president implies that the measure has assumed the proportions of an extortionate raid upon the treasury, made in behalf of favored land owners. That implication can not be allowed to stand without refutation. The country might well adopt as a timely paraphrase of a famous phrase—"Millions for flood relief but not one cent for pork!"

Time grows short and the nature of the president's objections to the flood-control plan now favored in congress has erected a formidable barrier. The plan must either undergo stringent revision, which will compel prolonged discussion, or else its proponents must be so strong as to hoist it over the president's veto. If President Coolidge is willing to assume the grave responsibility of endangering flood control at this session of congress, the reasons which had led him to take his position must be serious indeed. They should be subjected to the light of public discussion and understanding.—Washington Star.

THE CANTON WORKHOUSE

Gov. Donahey has instructed three departments of the state to investigate conditions in the workhouse at Canton. The welfare, health and charities departments will inspect the place, study the physical plant, the food and care, sanitary conditions, medical attention and the social features. The investigation was ordered after many complaints had been made that conditions were terribly bad. If the facts give measurable support to the complaints the place should be improved or closed. The Canton workhouse cares for prisoners from other counties and most complaints have been made by prisoners sent there from Youngstown. Prisons under the contract system are open to temptation, they may give too much attention to possible profits, too little attention to the humanity of the place. Those familiar with prisons, large or small, do not expect the best conditions in contract places. And those familiar with prisons do not find true and correct all complaints made by prisoners.—Ohio State Journal.

POLITICS AND PORK

The answer to much of the support the Mississippi valley flood control measure as it stands is getting in the house and the senate in politics. A considerable number of those who are supporting the bill must understand that it is bad to the point of outrageousness, and in some respects, is a betrayal of the very states and communities it is supposed to benefit. And the answer to much of the insistence outside of congress that the bill be passed, which obviously is the basis of its strength in congress, is eagerness for pork; in other words, for graft. More and more it is becoming apparent that there are individuals and interests which are hoping to exploit the disaster of last year in the Mississippi valley and the need for protection against a recurrence, for their own profit and aggrandizement. They hope to "make a good thing out of it" if they can put over their program. And unquestionably considerable of the demand that the federal government pay the whole cost of the protective work is inspired less by tenderness for persons who have suffered misfortune than by calculation that communities which are exempted from taxation for an expensive undertaking are not going to care how expensive it becomes or whether there is waste and graft.—Detroit Free Press.

Bible Society Left Quarter of Million

Wooster, April 25.—The American Bible society, with headquarters in New York, will receive approximately a quarter of a million dollars from the estate of Mrs. Isabelle Youcum who died here recently, it was learned today.

Mrs. Youcum's will makes specific bequests of \$200,000, as well as the residue of the estate, to the Bible society, which publishes Bibles in various languages and distributes them. Mrs. Youcum's estate was appraised at \$496,000 today.

Sickly Boy, 7, Gains

15 Lbs.—Father Happy

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—J. F. Andres. Vinol is a delicious compound of cod liver pectone, iron, etc. The very FIRST bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. The J. H. Lease Drug Co. Adv.

GENERAL SYMPTOMS NOT A SAFE GUIDE

By Royal S. Copeland, M. D., United States Senator from New York, Former Commissioner of Health, New York City

In writing letters about their health many persons give one, or perhaps two symptoms. For instance, a correspondent says, "I have a pain in my chest," or "I have severe palpitation of the heart." Then he asks, "What is the cause of this trouble?"

Such symptoms are caused by a number of different conditions. Neither one is a definite and positive sign of any particular disability.

Pain in the chest may be the result of pressure due to gas formation in the stomach. This may seem strange but on thinking it over you will see why such a disturbance in the stomach may cause pressure on the diaphragm and interfere with free lung action. The discomfort from

Tomorrow's HOROSCOPE

By Genevieve Kemble.

THURSDAY, APRIL 26.

I find my zenith doth depend upon a most auspicious star.

—Shakespeare.

The sidereal operations for this day point to a day of revolutionary events which may be responsible for a radical change in affairs as well as the environment. While these new projects may engage the highest endeavor, there are elements of financial peril, unless utmost discretion and business acumen be exercised. Those in the employment of others should be careful not to invite criticism or offend superiors.

Those whose birthday it is may anticipate a year of eventful and unexpected occurrences. With changed conditions and unusual new adventures. Although these hold excellent advantages yet losses and possible fraud are indicated unless much good judgment and wise management be used. Be careful if in employment.

A child born on this day will be brilliant and ingenious in many ways but may need careful training in responsibility and integrity as well as prudence and amiability.

Notable Nativities: Artemus Ward, humorist.

Marine Musicians To Publish Most Famous Of Folk Songs

Washington, April 25.—The world's most famous folk songs—drinking songs, or marching songs, as they are some times called—are to be collected and published by the Marines.

Under orders issued by Major General John A. Le Jeune, chief leatherneck of the world's hardest boiled military service, the Marine Corps historical section has undertaken to preserve in its official archives the printable verse of the internationally known Marine hymn: "From the halls of Montezuma to the coast of Tripolee."

We fight our country's battle on land and on the sea."

Le Jeune has issued orders for the assembling of all the verses and version extant. An official document giving the history of the song since it was only four stanzas, back in '93, is being compiled by Major T. C. Fegan, who has himself contributed a few sprightly ballads to the present galaxy of nearly half a hundred.

Idea From Nicaragua
Le Jeune conceived the idea during his recent inspection trip in Nicaragua, where he heard the newest Sandinista variations of the old Gilbert and Sullivan tune from Iolanthe.

Fegan has gathered the ballad songs and snatches from Marine Corps veterans in all parts of the world. Among the collection are an outline history of the Chinese rebellion, dirt from Culebra Cut in Panama, geisha songs from the Bund, and the Devil Dog chats from Cantigny and Belleau Wood. Here also, always to the same sing-song air, are graphic flashes from the great mosquito offensive in Cuba and the sanitation fight in the swampy marshes of the Caribbean.

HIGH SCHOOL TO GRADUATE 6

Judge Gessner To Speak In Washingtonville Thursday, May 3

Washingtonville, April 25.—Plans for the annual commencement exercises of the High school to be held Thursday, May 3 in the auditorium, are practically complete.

A community choir will present a group of songs, which they are now rehearsing. Miss Thelma Vignon, a graduate, will deliver an oration, and County Superintendent of Schools H. C. Leonard will present the diplomas. Judge George H. Gessner of the common pleas court of Mahoning county will deliver the principal address of the evening. To these exercises the public is invited. The graduating class of 1928 consists of the following members:

tropics. Intermingled are the marine's reactions to the last of the head-hunters in the Philippines and the wanderer's bed time songs from the bleak and dismal steppes of Alaskan railroad days and the defense of Vladivostok.

Every clime and every campaign has enriched this vast unwritten history of Marine tradition. The food they eat and the clothes they wear are here appraised in the short and simple language men built for soldiers or sailors and then possessed by the spirit of adventure.

Origin of Songs
The oldest marines, according to Fegan, remember the song first as having been somehow woven together by a balmy fellow in the Boston Navy Yard about 1893. In the beginning there were four verses.

Only four verses, the history goes on, were taken to China in 1900. But there, where American forces mingled with the troops of half a dozen powers, the song like the Little Recruit in Parlez Vous, grew and grew. The less effective Teutonic inflections were dropped from the German contributions when the forces returned to the States, but the pointed German sentiments remain in the texts today in pristine simplicity and obviousness. So it was with the French—save possibly the obviousness.

Former Secretary of the Navy Daniels is immortalized in some of the 1915 verses for his celebrated General Order No. 99, which made the Navy bone dry overnight.

Verses about the Marine who lost his way one night in Port au Prince will not be printed, but there are indications that some cynic outside the service may make copies of them before they are officially destroyed.

Miss Grace Keikart was a Salem caller Monday afternoon.

J. E. McNeal is moving his family to Mineral Ridge where he is employed.

Elmer Vignon and friend, Miss Mary Hensley of Salem, Thelma Vignon, Ruth Weikart and Katherine Lederle were Canton visitors on Sunday.

Mr. and Mrs. F. G. Davis and daughters and Misses Clara and Helen Weikart were Sunday evening callers in the home of Mrs. Ella Ballentine at Leontia.

Miss Dorothy Mathey was a weekend visitor with relatives at Lisbon.

Mr. and Mrs. C. R. Woods, daughter, Jane and Mrs. Mary Woods of Salem, were Sunday afternoon callers in the home of Mr. and Mrs. H. J. Woods.

DAMASCUS

The church services were well attended Sunday. Rev. D. B. Cope took for his subject, "Liberty and Law," taking his text from first Corinthians, third chapter. All things are yours and ye are Christs. Rev. H. L. Phillips' subject was, "The Withered Branch." The text, "If a man abide not in me, he is cast forth as a branch and is withered, and men gather them and cast them into the fire, and they are burned," was taken from John 15, sixth chapter. C. E. Hobson had charge of the Christian Endeavor service, the subject being, "Choosing a Life Partner."

Several were in attendance from Goshen, Winona, Salem and Columbiana at the evening service in the Friends church, when Miss Elizabeth Rotten of Germany, spoke on "Peace."

Mr. and Mrs. Burt Burnett and Mr. and Mrs. Frank Graber of Salem, were guests of Mr. and Mrs. L. S. Strawn, Sunday.

Mr. and Mrs. L. S. Strawn, Mr. and Mrs. Adelbert Greenamy, Misses Edna Delzell, Lydia Cope and Erma Shipman and Morris Strawn attended the Memorial services at the M. E. church, Salem Sunday, for the I. O. O. F. and Rebekah lodges.

Mr. and Mrs. Charles Morlan went to Barnesville, Saturday, returning Sunday afternoon.

Mr. and Mrs. George Bailey left Tuesday for Adrian, Mich., where they will visit their son, Charles Bailey and family.

Miss Edith Knight spent Sunday with Mr. and Mrs. Edwin Steer of Canton.

The commissioners were in town Tuesday looking over French st. The residents of that street are hoping to have it improved.

Rev. Chester Stanley of Byhalia, is visiting his parents, Mr. and Mrs. C. E. Stanley.

Richmond—Plans for inauguration of daily air service between Richmond, Norfolk, Washington, New York and probably Virginia Beach, about June 1, has been announced here by Thomas G. Abbott, managing director of the National Airways, Inc.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

LEWIS SEEKING ANOTHER TERM

District Is Entitled To Only One State Senator This Year

Senator Earl R. Lewis of St. Clairville today formally announced that he is a candidate for a second term in the Ohio senate from the 20th-22nd Senatorial district of which this county is a part.

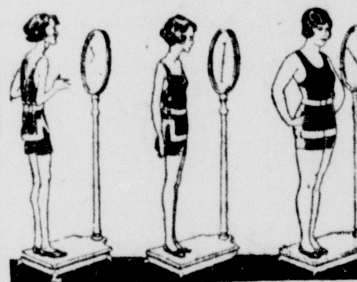

In connection with his announcement Senator Lewis explained that only one senator is to be elected this fall from this district, although the district has been represented by two senators for the last six years.

The 20th-22nd district, which includes the counties of Belmont, Columbiana, Harrison and Jefferson, is not the only district to suffer reduction in representation in the next senate.

The 17th, 18th, 19th and 28th combined district comprised of the counties of Morrow, Knox, Wayne, Holmes, Coshocton, Tuscarawas, Guernsey and parts of Noble and Monroe—the 23rd district, consisting of Portage and Summit counties, the 27th district consisting of Cuyahoga county, and the 34th district consisting of Lucas county, also suffer the loss of one senator each, so that the senate of the 88th General Assembly will have only 31

members instead of the usual 37.

The reason for this reduction in representation this year as explained by Senator Lewis, is that representation in the senate, as in the lower house, is based upon the population of the district as shown by the last federal census. The population of the 20th-22nd district, as

Get more than good looks—get fine flavor!

Not everything that looks good tastes good—frequently flour made from the wrong type of wheat will produce baked foods that are perfect in appearance, but disappointing and flat in flavor. Don't take chances—use Pillsbury's Best Flour—it will give you that delicious, delicate, unmistakable flavor that marks truly perfect baking. Pillsbury's Best is made only from carefully selected, full-flavored wheat—you can depend on it for better flavor and more certain success in all your baking. Accept no other flour!

for better flavor, use this one fine flour for all your baking

Pillsbury's Best Flour

for bread, biscuits and pastry

shown by the 1920 census, was not sufficient to entitle it to two senators for each of the five biennial sessions until the next census, but was sufficient to give it two senators for three sessions and one senator for the remaining sessions.

The last session of the general assembly was the third since the 1920 census and was the last in which this district was entitled to be represented by two senators. Hence, the election of only one senator for the remaining sessions.

Senator Lewis is just completing his first term in the senate.

Tender, Aching, Perspiring Feet

Amazing Relief in 5 Minutes or Money Back

BRIGHT AND EARLY

Thursday April 26th

AND COME TO HANSELL'S

We Invite Everyone!

try this on "YELLOW MASK"

New Way of Removing that Ugly Yellowish Tinge from Your Teeth, We Guarantee It!

It must now be plain to you that ordinary dentifrices are ineffective against "Yellow Mask."

That is true. It takes a special, non-gritty substance not used in the average dentifrice to banish that unbecoming yellowishness from your naturally white teeth.

This substance is "Tri-Calcium Phosphate." It's a white, satiny powder that foremost dentists use for cleaning and polishing teeth. There is nothing in the world that will so quickly lift that "Yellow Mask" and glorify the natural tooth whiteness as this scientific material.

For years the objective has been to create a pleasant, tasty tooth paste of "Tri-Calcium Phosphate." And thus give you for daily use the finest cleaning and whitening agent known.

Now success has come. The name of this magic "Tri-Calcium Phosphate" dentifrice is ORPHOS TOOTH PASTE.

The professional and public reception to ORPHOS is overwhelming. Dentists everywhere are telling their patients to use it. Noted movie stars have turned to ORPHOS. Women and men the world over testify to amazingly whiter teeth.

We want you to try this marvelous ORPHOS. Don't wait until your present ineffective dentifrice is used up. Why keep waiting? Get a tube today. Go after that "Yellow Mask." If, after a fair trial, there is the slightest tinge of disappointment, present the unused portion of the tube to your druggist and get your money back.

Orphos TOOTH PASTE

—Removes "Yellow Mask"

Markets

OPENING IRREGULAR

New York, April 25.—Irregularity marked the course of stock exchange at the opening today. General Electric up 1 1/2 at 163 1/2. U. S. Rubber down 1/4 at 42 1/2. Delaware and Hudson led the rails with a jump of 3/4 to 217 1/2 and public service of New Jersey. The Utilities, which sold at 57 for a block of 10,000 shares, up 2 1/2 from the previous close. Oil, motor and copper stocks were firm.

After early irregularity, the industrial stocks resumed their strong forward movement in the early trading today. Radio's leadership was the outstanding factor in this period. General Motors being somewhat slow to respond to the favorable quarterly earnings statement issued at the close of Tuesday's market. The public service and utility stocks were strong from the start, tobacco still weak and Delaware and Hudson the feature of the rails.

Accurate forecasts of the first quarter's net earnings of General Motors spoiled the effect of President Sloan's official statement, and the stock slid nearly 2 points lower at the start. U. S. Steel Corporation had only 38 cents a share left after paying \$1.75 a share dividend in the first three months of 1928, but the trend of activities and earnings is now upward, and steel stock easily recovered its opening loss of 1 point. Radio jumped 4 points and United States Leather added 3 to yesterday's 7-point advance, to sell above 56 for the first time this year. The airplane stocks were also active and strong.

A few of the non-dividend "merger prospects" moved upward a point or two. Mexican Seaboard led the cheap oils, with a new 3-point advance to 33, the stock having come up from around 25 a share in January. Trading was brisk in the first hour, and offerings well absorbed.

Call money was unchanged at 5 per cent, and commodity markets were generally steady, with cotton up 75 cents a bale.

CHICAGO LIVESTOCK

Chicago, April 25.—Hogs—Receipts 15,000; market steady—10c higher. CHICAGO GRAIN

Chicago, April 25.—Grains opened higher today. Wheat was up 1 1/2 to 1 1/2; corn 1/2 to 1/2 and oats 1/2 to 1 1/2. Opening prices: Wheat—May 157 1/2 to 158; July 157 1/2 to 158 1/2; Sept. 154 1/2. Corn—May 107 1/2 to 108; July 110 1/2 to 111; Sept. 110 1/2 to 111. Oats—May 63 1/2 to 64; July, old, 56 1/2 to 57; new, 56 1/2 to 57; Sept. new, 48 1/2 to 49.

Five Given Degrees At Greenford Grange

Five candidates were given the third and fourth degrees at a meeting of Greenford grange Tuesday evening at the hall.

The program pertained to "a flower garden" and the roll call response was "My Favorite Flower and Why." Every member responded and most of them gave the rose as their favorite flower. Sweet Peas and carnations held second and third place.

Mrs. D. R. McConnell gave a paper, "The Flower Garden." Other numbers were: Reading, "Uncle Josh's City Nephew," Dorothea Olin, reading, "The Package of Seeds," Mrs. C. F. Bower, contest, "A Flower Romance."

D. R. McConnell gave an interesting talk about his visit to the By-Products department of the Sheet & Tube company's plant at Youngstown. In this department various things were made from smoke, and 10 of these products are used in Youngstown.

The "Orehead" will be the subject for the program in two weeks.

DENIES SHE WANTED MILLIONS

Mrs. Doris Mercer Kresge (above), wife of Sebastian Kresge, the multi-millionaire chain store owner, vehemently denies her husband's divorce suit allegations that she demanded \$10,000,000 to bear him a child. "I will sail for Europe and try to forget I was ever his wife," said Mrs. Kresge.

HOPE COOLIDGE WILL NOT VETO RELIEF MEASURE

Flood Bill Passes House With U. S.-Pay-A-H Plan Retained

Washington, April 25.—Victorious in their long fight in congress to place the burden and expense of flood control in the Mississippi valley upon the federal government, backers of the Jones-Reid bill today turned to the White House with appeals to President Coolidge to sign the measure.

Having made some concessions to Mr. Coolidge to avert a threatened veto, sponsors of the legislation appeared hopeful that the chief executive would let the bill become law. Although the bill was sent back to the senate for further action today, because of house amendments, both branches of congress have agreed upon the major features of the measure.

Whether backers of the bill can pass it over a presidential veto appeared problematical. It passed the senate and the house with more than the necessary two-thirds in each branch. A motion in the house to recommit the bill—regarded by some as a better test—failed 139 to 206, less than a two-thirds majority for the measure. The Jones-Reid bill would launch the government into its greatest peace time internal improvement. Although the estimated appropriation is placed at \$25,000,000, some engineers have estimated the final cost of the flood control scheme at more than \$1,000,000,000.

The bill proposed to strengthen and complete a great levee system from Cape Girardeau, Mo., to the Gulf of Mexico, and possibly to extend it as far north as Rock Island, Ill.

Great floodways, which would become reservoirs of immense size when flood waters are turned into them, would be created in southeastern Missouri and in Louisiana.

As approved by both houses, the bill provides for the federal government paying the cost of flood control, excepting for the rights-of-way for levees on the main stream.

Obituary

LAUBSCHER FUNERAL

The funeral for Mrs. Louis Laubscher, 51, who died Sunday at her home, two miles south of Winona, was held Wednesday afternoon at the Woodside chapel, near Winona, in charge of Rev. Mrs. Brantingham, pastor of the Winona Friends church; interment was in the cemetery there.

Mrs. Laubscher spent her early life at Lima, Pa. For the last 15 years she had lived in the vicinity of Winona, coming there from Detroit. Surviving are her husband; three children, Mrs. Donald Whitacre, Hancovien; Lowell and Russell, at home; one brother and one sister, Howard Rehbraugh of Alliance and Mrs. Walter Rockhill of Hastings, Mich.

In England the first day of the New Year is celebrated by a particular drink. It is spiced ale, facious, known as "hamb's wool," though how it is brewed such a designation not even the philologists are able to guess.

NOTICE

On and after this date April 25th, 1928, I will not be responsible for any debts contracted by my wife, Mrs. Noramary Menace.

THOS. MENECE

CARD OF THANKS

We wish in this manner to thank all those who assisted in any way, and for their kindness shown in our recent bereavement, especially the neighbors, those who brought flowers and the ministers for their comforting words and for those who furnished cars.

CHARLES L. GRONER

The Most Expensive Thing You Ever Bought

Now honestly, what was the most expensive thing you ever bought? Wasn't it the dress, or the pair of shoes that you put away in the closet after a few wearings—the article that didn't quite please you when you got it home.

Sometimes this is because your mind was too uncertain but generally the article did not look as well after a few wearings as you thought it would.

That is exactly the reason we do not sell "seconds," job lots or bankrupt stocks. Our merchandise must stand the most rigid inspection before we offer it to you. We don't want any of those "expensive purchases" to be from our store, if we can help it.

J.C. Penney Co.

COURT NEWS

Fleeds Guilty

In the case of the state of Ohio on relation of Leora Peck, against Harold Heiney, after a jury was impaneled, the defendant entered a plea of guilty. The court ordered the defendant to pay the plaintiff \$300 at the rate of \$5 weekly, and unless bond for \$250 is not given within 10 days the defendant is to be committed to the county jail. The court has also entered judgment against the defendant for the costs of the suit.

Husband Gets Decree

On the grounds of gross neglect of duty, Judge W. F. Lones has awarded a decree of divorce upon the payment of costs to Harry Grissinger against his wife Jeanetta E. Grissinger.

Judgment For \$500

A decree rescinding a contract and cancelling a chattel mortgage, and judgment for \$500 against the defendant has been handed down by Judge Lones in the case of through his next friend and against Christ Meragias a minor, who sued Gus Gorgeau.

Adjust Fire Loss

The fire loss sustained by Howard Chamberlain, when his garage at Stop 55 on the Lincoln highway was destroyed early last year has been adjusted out of court. Chamberlain entered suit against the United States Fire Insurance Co. to recover \$2,000 according to the terms of the policy he held. The case has been settled at the costs of the defendant with no further court record following.

Real Estate Transfers.

The following real estate transfers have been recorded by County Recorder Paul Smith:

John A. Henry to John B. Gleisle 124 acres, section 36, Elkhorn township, \$5.

Matt Tusek and wife to John Zimmerman, lot 39, Naylor's addition, West Point, \$850.

George E. Barnes and others, to C. Walter Bells, 32.45 acres, section 28, Elkhorn township, \$1.

Thomas Robinson, Sr., to Amelia Robinson, lots 1451-2, McKinnon's addition, East Liverpool, \$3.

W. C. Todd to Sarah Z. Todd, lot 4281, Orchard Grove addition, East Liverpool, \$5.

Perry Albright and wife to Frank Hahne and wife, 68.92 acres, section 36, Fairfield township, \$1.

Matthew Lyons and wife to Edward Galbreath, lot 4, Lyon's addition, Rogers, \$200.

Paul Kovatch and wife to George Johnson, 4.10 acres, section 12, Salem township, \$1.

Jennie McConner and others, to William C. Bush and wife, lot 163, Evan's fourth addition, Salem, \$10.

William C. Bush to Jennie McConner, 27.87 acres, section 5, Perry township, \$10.

Thomas Lucas to Sarah Lucas, five acres, section 11, Salem township, \$1.

Thomas Robinson, Sr., and wife to Emma Pacey, lot 1416, East Liverpool, \$5.

Divorce Cases

Through her counsel, P. V. Mackall of East Liverpool, Emma E. Stitt, has filed her divorce petition in common pleas court against her husband, Elden T. Stitt, said to be residing at Vandergriff, Pa. The couple were married July 4 at Saltsburg, Pa., and the defendant is charged with gross neglect of duty since Feb. 1, 1925. The charge of extreme cruelty is also made a part of the record, in that the defendant humiliated the plaintiff beyond expression in words. Attorney G. Jay Clark of East Liverpool has filed the divorce

petition of Opal Garey against her husband, Herbert Garey, said to be residing at the Dennison Hotel, Dennison, O. They were married at Chester, W. Va., June 18, 1921, and under the charge of extreme cruelty, the plaintiff relates she was compelled to leave the defendant Sept. 15, 1925. Garey is charged with keeping company with women at East Liverpool and other places, and also gross neglect of duty. The petition asks the court upon final hearing of the case that she be restored to her maiden name, Opal Seckman.

Habitual drunkenness for over a period of three years, gross neglect of duty and extreme cruelty is charged in the divorce petition filed by Mary E. Gamble, through her attorney, K. L. Cobourn, of Salem, against her husband, Delbert H. Gamble, who is said to be residing at 117 North Howard st., Salem. They were married Feb. 13, 1894 and two children are now adults, the petition relates.

Sue Insurance Companies

I. Maisel and E. Peamak, who on July 29, 1927 entered suit in common pleas court against five different insurance companies to recover a fire loss as covered by policies held by the plaintiffs, have had their actions settled out of court, and at the costs of the different defendants.

GH JAPANESE ROMANCE ONLY BRIDE PICKING

daughter of Envoy Had
No Say In Naming
of Husband

Tokyo, April 25.—The romance of an imperial prince, brother of the emperor who heads the oldest dynasty in the world, and a little school girl modestly learning her lessons in Washing has caught and held the attention and interest of the world. So this story will tell as much as the public knows of how Setsuko Matsudaira, daughter of Tsuneo Matsudaira, Japanese ambassador to the United States, came to be selected as the consort of Chichibu-no-miya, son of the late Emperor Taisho and brother of Emperor Hirohito, present occupant of the Japanese throne.

It was the Dowager Empress, mother of Prince Chichibu, according to all reports, who selected Setsuko to be the bride of her princely son. This is in accordance with Japanese custom where, even in humble families, men seldom marry girls of their own selection and girls rarely indeed pick their own husbands.

Family Interested

As the story goes in Tokyo, when Prince Chichibu became 22 years old in the autumn of 1924 the question of selecting a bride for him was taken up in imperial family circles. The empress dowager commissioned Count Nobuaki Makino, lord keeper of the privy seal, to seek several candidates, investigate their eligibility, and report.

After several weeks Count Makino submitted a list of girls, mostly students at the Peersesses' school in Tokyo, ranging in age from 15 to 16. The name of Setsuko, then in the first grade of the school, caught the eye of the empress mother and although many formalities remained to be carried out, it was practically settled then that Miss Matsudaira would become Prince Chichibu's bride.

Just before the Matsudaira family was to leave for the United States the matter was broached to Mr. Matsudaira. He, diffidently, declared his daughter was too young and also that such a high honor could not be conferred upon his family which ranks as that of a commoner.

Meantime, Prince Chichibu went abroad to study in England and on Christmas Day, 1926, his father, the late Emperor Taisho, died.

In December of last year, however, the year of imperial mourning being virtually at an end, the subject was reopened. Count Aisaku Kabayama, a close personal friend of Ambassador Matsudaira, was dispatched as a messenger of the imperial household department, to Washington to induce the ambassador to consent to the wedding. He was successful and returned to Japan on January 3, immediately reporting his success to the imperial household department, who in turn reported to the empress dowager and to Prince Chichibu.

Picked For Accomplishments

Character and personality were the sole basis for the selection. Many other girls of high rank, beauty and accomplishment were eligible, more eligible than Setsuko, who was not of noble birth, but the empress dowager, seeking a girl of charm, good health, keen mind to become the consort of her son was struck by Setsuko's eminent eligibility and passed over all others.

The romance of Chichibu-no-miya and Setsuko, therefore, is not a romance at all, as all such things are regarded in the Western world. They were selected for each other by others. It was beyond the power—and no doubt beyond the thought—of either of them to refuse.

But as life and love exist in the Japanese mind and heart it is a true romance of the Orient and all Japan is rejoicing that their popular "sporting prince" is to have for his bride the charming, talented Setsuko, the daughter of a commoner.

Scores News Beat

Here is Miss Greta Ferris, a nurse at the Grenfell Mission in Labrador, who rode a dog sled to Greenly Island to greet the stranded trans-Atlantic fliers. While newspapers and syndicates were spending thousands of dollars trying to get in touch with the German-Irish aviators, Miss Ferris radioed the first direct story of the flight to the world. Her home is in St. John, N. B.

WET WEATHER DELAYS ROADS IN THE COUNTY

Contractors Ready For Construction Soon As Rains Cease

Lisbon, April 25.—Wet weather is holding back all new road construction work in Columbiana county, it was announced by County Surveyor Lloyd C. Kirk today.

Numerous contracts have been awarded, both by the county commissioners and the state highway department, for Columbiana county improvements and a number of contractors are prepared to begin.

The George S. Meller-Weldner Co., had planned to begin pouring concrete on the East Liverpool-Youngstown road at Williamsport Thursday, but will be held up on account of the wet condition of the dirt bed.

This same company, however, has begun construction of a new concrete bridge at Rogers on this road.

Allison-Harris Construction Co., of East Liverpool, has started two steam shovels grading on the Rogers-Negley rd. while Herman C. Armstrong of Lisbon, has already completed two bridges and is now working on the third bridge on this same road. In all, four bridges are to be built on this new highway.

This same contracting interest will complete the rough grading on the East Liverpool-East Palestine rd. in about 10 days, it is believed, unless the weather interferes. At the present time the shovels are at work on the Dunn hill, just south of Negley.

Lewis & Copeland of Lima, awarded four sections of concrete surfacing on the East Liverpool-Youngstown rd. are now arranging to begin work. These sections were omitted from the improvement work last fall on account of heavy rain not settling sufficiently to continue the pouring of concrete.

When this work begins, the East Liverpool-Youngstown rd. from Township Line school north, will be closed for an indefinite period.

However, the southern section of this road, from the Y & O sub-station, will be opened to traffic north to Apple's corner. A concrete top is to be placed on the fill at the new bridge at Cannons Mills. At this point the old bridge is repaired and made safe for traffic as a detour over the creek at that point.

J. C. McCann Co., of Columbus, which last year did considerable grading on the new Lisbon-Salineville rd. has arranged to complete the final grading on this road within the next three weeks. On this road, which is to be given a concrete top, there is left only the lowering and widening of the steel bridge spanning the West Fork of Beaver Creek at Gavers.

County Surveyor Kirk has been informed that the low bidder on the Salem-Warren rd. was Hill & Hill Construction Co., of Elyria, the proposal being \$102,220.86 for a macadam top. For a concrete top for this road the low bid was made by the Speedway Construction Co., of Cleveland, at \$113,835.83. This highway is known as the Ellsworth rd. out of Salem. Another section of this road slated for improvement this season was awarded by the state highway department a few weeks ago to N. B. Putman of Columbus.

"Give these contractors some good weather, and these new roads will be finished in very good time," Mr. Kirk declared.

ABOUT TOWN

Women's Relief Corps

The Women's Relief corps had a regular meeting Tuesday evening at the hall, Main st.

The corps has instructed the conference committee, of which Mrs. David Horner is chairman, to serve with the general committee of the patriotic organizations of the city, which meets Monday evening, April 30, to make plans for the Memorial Day celebration here.

Initiation will claim attention at a meeting in two weeks.

Add To Orchestra

Paul Howell and His Play Boys, Salem radio-dance band, will resume their Saturday night playing at Liberty park, Washingtonville, after a layoff of two weeks.

Eddie Pansak, violinist and director of male dance orchestras, also broadcasting, has been added to the roster of the orchestra, bringing the personnel up to 11 pieces.

Brannon Will Speak

"Pat" Brannon of Warren athletic director and prominent as an official in athletic contests, will speak at the meeting of the Salem Rotary club next Tuesday, when "Boy's Week" will be observed. R. B. Anderson, chairman of the club's committee on boys' work, is arranging the program.

Staff Will Compete

The degree staff of Goodwill encampment No. 111 I. O. O. F., will represent the Interstate Patriarchal league at a meeting May 5 at Meadville, Pa. and will compete with a degree staff from Northwestern Pennsylvania in conferring the patriarchal degree.

To Attend Meeting

Canton Salem No. 11, Patriarchs Militant will attend a meeting of district 27 at East Palestine April 27. Members will go in fatigue uniform.

Recent Births

Mr. and Mrs. Myron Roller, who live south of Greenford, are the parents of a daughter, born Wednesday morning. Mrs. Roller was formerly Miss Gladys Allen.

Nazarene Assembly

The annual assembly of the Nazarene church is in session in Akron this week. Some of the members from the local church probably will attend Saturday or Sunday.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

SHARKEY SHOULD DEFEAT DELANEY WALSH BELIEVES

BY DAVIS J. WALSH
New York, April 25.—It wouldn't surprise some of the more intelligent of our intellectuals if Jack Sharkey hits Jack Delaney on the turnip next Monday night and knocks him for a row of two-family houses.

If he does, Tex Rickard may discover that he has overdrawn his hand to the extent that he then will hold one more ace than Hoyle and etiquette consider strictly advisable.

For if Sharkey wins by the decisive medium of a knockout, Rickard will be in the questionable position of having gone out of his way to develop a better attraction than the man he already has voted into hole of heavyweight challenger, Mr. Tomato Heeny, and in this case, Tomato Heeny fight very well might draw a lot of house flies. The more one considers the situation, the more one is convinced that Rickard forgot to duck when he let himself in for this Sharkey-Delany business on Monday night. He already has one more challenger than he can conveniently use, to-wit: Mr. John Risko, the prominent bag-holder.

A knockout always is the great convincer with the patients in the outer office. The betting is almost even that they will get one before the end of 15 rounds of the Sharkey-Delany heat. On the other hand, there wasn't even a knockdown to show for 52 rounds between Heeny and Risko. Heeny and Sharkey, Heeny and Delany and Sharkey and Risko and that is one of the reasons the boys are

prone to view our challenger with a certain degree of alarm. Those hit and run proceedings. So, you might say, has Sharkey.

Delaney Not So Good

But my watch expects to catch the last man forgetting this fact in 10 seconds flat, provided Sharkey knocks Delaney into the balcony boxes which, as a matter of fact, he should. Delaney doesn't belong in the same ring with any good heavy-weight who is really in earnest and everybody knows it, including Delaney himself. He was ready for the swimming pool the night a vigilant referee stepped forward and saved him from Paulino.

If he finds he cannot embrace Sharkey for 15 rounds and, therefore, stops one with his goatee, a comparison—very discomfiting to Rickard's plans—between the records of Sharkey and Heeny will be on.

It will show, first, that Sharkey stopped the man Heeny couldn't stop. It will show, second, that Heeny got a very doubtful draw with Sharkey no later than January. I don't think such a comparison will rebound greatly to Tomato Heeny's box office value as the official challenger.

Sharkey's fights with Heeny and Risko should have sharpened his timing, his training in the open for the first time should improve his general condition and his handling in his corner should be better. Sharkey has been "expedited" out of fighting form by corner advice. They tried to make him cute and smart in there and only succeeded in wasting their time and his.

TRACKSTERS AT LISBON TODAY

Practice Dual Clash On At Fair Grounds This Afternoon

Members of the Salem High track squad had their final workout last night in preparation for the meet with Lisbon which was to be held at the county fair grounds this afternoon. The team was to leave at 3 p. m. for Lisbon, and the meet was to get under way about 3:30.

Word comes from Lisbon that Coach Blackwell has been developing stars that will give the Salem team the competition that it needs badly to get into shape for the triangular meet at Canton Saturday afternoon. Blackwell's quarter-mile and high jumpers, especially, are said to outclass Salem's best in those events.

It has been several track seasons since Lisbon has put out a team capable of competing with any Salem team, but according to dope spread by the county seat's backers, this meet this afternoon, which was to have been merely a practice workout may turn out differently than expected.

Both teams, however, look upon this meet as merely a workout for their meets Saturday. Lisbon is entered in the invitation meet at East Palestine, and Salem will participate in a triangular affair with Canton McKinley and Akron Central at Canton.

Each school will furnish officials to act as referee, starter, field judge and scorer.

PENNOCK, BABE OVERCOME NATS

Bucky Harris Revises His Opinion of Pitching Staff of Yanks

New York, April 25.—Bucky Harris, manager of the Washington Senators, has revised his opinion of the New York pitching staff today. In an interview yesterday morning Bucky declared that the Yankee staff was on the verge of a complete breakdown. A few hours later Herb Pennock, mound ace of the world's champions, held the Senators to three hits, whitewashing them 4 to 0 with the aid of two home runs by Babe Ruth.

Pennock narrowly missed a non-hit game. One of the Washington hits was a fly which Ruth misjudged, and the other two were grounders which might easily have been converted into putouts on a dry field.

The Indians broke out into a heap big rash of five errors and Hudlin had nothing but a prayer, so Cleveland dropped a 6 to 2 decision to the St. Louis Browns. Cleveland and the Yanks are now tied for first place.

Joe Hause hit two homers in one game for the second time this year as the Athletics won their first home game, swamping the Red Sox 11 to 6.

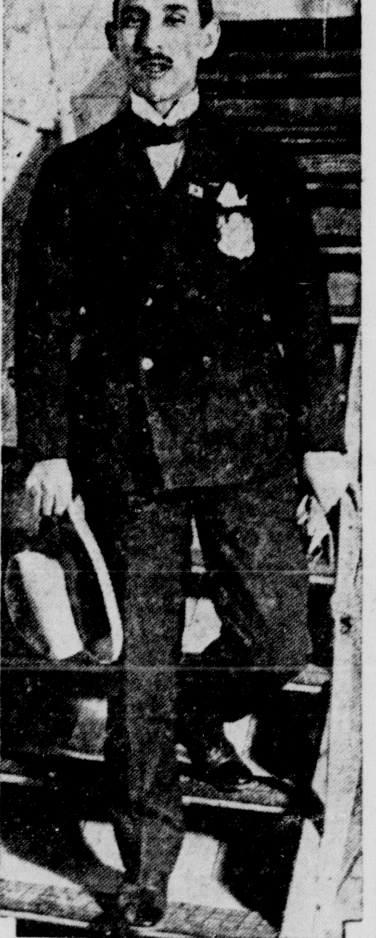

Fifteen hits failed to help the Detroit Tigers, who lost to the White Sox 5 to 4, in ten innings.

The Brooklyn Robins clinched their hold on second place in the National League by handing the Phillies a 12 to 7 beating.

With Alexander on the mound the St. Louis Cardinals stymied Cincinnati, 7 to 2. There was no doubt about the hitting of Douthitt, who laced out four safeties. Alex got three hits himself.

Chicago's Cubs set off a 7 to 2 bomb under the Pirates. Hartnett and Stephenson hit homers. Sheriff Blake, chalked up his third victory of the season.

Globe Racer

Here is the fast Mr. Toichiro Araki of Japan dashing through New York on his globe-girdling race with a countryman for a \$1,500 prize. The two are traveling in opposite directions. Araki caught the S. S. Aquitania "on the fly."

ILLINOIS AND ARMY SIGN TO PLAY 2 GAMES

West Point, N. Y., April 25.—The Army and the University of Illinois will play home-and-home football games in 1929 and 1930. The 1929 game will be played in the stadium at Illinois and the 1930 game either at West Point or in New York city.

Both games will be played in November. The exact dates will not be set until later.

The games were agreed upon in a conference attended by President Kinley, president of the University of Illinois; George Huff, director of athletics at Illinois; Robert Zuppe, Illinois football coach; Maj. P. B. Fleming, graduate manager of athletics at West Point; and Capt. Bill Jones, West Point football coach.

This conference was held at the University of Illinois on April 11. With the approval of the secretary of war, which was received yesterday, the arrangements have been sanctioned at both institutions.

SMITH IS BACK FROM DECATUR

Will Play Again With Ed Harvey's Beaver Falls Elks Outfit

Refusing to be farmed out to the Mississippi Valley league, James "Jimmy" Smith has returned to his home in Albany, near Salem, and will play with the Beaver Falls Elks again this year.

Smith, a product of the Salem diamonds, found the going too tough with the Decatur, Ill., team of the Three-I League, with whom he was with during the "Commer" spring training tour, and was to go with one of the Mississippi Valley league teams this month for more experience.

Decatur had both of last year's receivers back, one of them a veteran of eight years' major league experience.

"Big Jim," only 21, was seriously considering the Valley league contract and was making plans for the jump, when he received a wire from Ed Harvey, manager of the Beaver Falls club, offering him a contract for this season. Smith was with the Elks last year, and he immediately changed his plans and accepted Harvey's offer.

The Beaver Falls club is a member of the Penn-Ohio league.

Smith's baseball started with the Salem clubs, the Elks and Eagles, and at the age of 19, went on a tour through the country with Howlett's Detroit Clowns. While with them he won the favorable glances of big league scouts and went with the Washington Senators, who tried to farm him out to Birmingham, Ala., of the Southern Association.

But Smith, disliking the terms of the contract, refused, and went with the Beaver Falls Elks. With the Elks he was one of the league's leading hitters, and was sold to the Chicago Cubs on option. The Cubs, with a full roster of receivers, did not exercise the option and he tried out with the Decatur outfit.

WINNING GIRLS BASEBALL NINES PLAY OFF TIE

"Smith" College defeated "Brown" in the second game of the girls' baseball league race at the high school gym, Tuesday afternoon.

For Brown, Misses Dyball and Seekins were the hitting stars. Dyball, Adams, Jones, and Hunt, led the Smith wall-wielders.

This afternoon the winners play Wellesley, captained by Bertha Kent, for first place in the race. Both have won one game. Bertha Zeller is the Smith leader.

VINDICATORS IN ANOTHER WIN IN VOLLEYBALL LOOP

Only one game was played in the city volley ball league last night. The Vindicators defeated the Methodists, four games out of five to continue undefeated.

Joe Kelley, manager of the league announced that a new schedule will be drawn up for the league, with only six teams. The new schedule will be available Friday for managers.

Chicago—Jazz music is not alone distasteful to the great musicians but to the lepers of Cullion Island as well, according to Mrs. Dorothy Paul Wade, wife of the famous leperologist of the island, where there are 6,000 unfortunate. "They detest jazz, and they love classical music," she said. "They are rabid movie fans, but do not like the sentimental pictures. All they care for is Chaplin and others along that order."

FINE FOR CHILDREN!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color, Dr. Edwards' Olive Tablets overcome those irritable spells that many children are subject to, keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 10c, 50c and 60c sizes.

SEVEN TEAMS IN PALESTINE MEET

Brown and White Host to District Schools On Saturday

East Palestine, April 25.—Seven schools have entered the field and track meet which will be held here Saturday.

The schools entered are Columbian, Lisbon, Leetonia, Struthers, Youngstown East, East Palestine and Boardman.

Struthers and East High are class "A" schools and the rest are in class "B."

Palestine tracksters have been showing up well in work out in the last week and are confident of winning first honors in the meet.

In Captain Hunstan, Palestine boasts a pole vaulter that has been clearing 10 feet regularly and a certain point-maker, Ross and Moore, weight men, are being groomed to replace Cook and Collela, last year's star shot putters, and are developing fast.

Other outstanding members of the squad are Lemley in the dashes, McIlennick in the shot put and javelin, Istnik, Davis, and Taus in the mile and half mile runs, and Hall and Lipp in both the low and high hurdles.

The meet will be held at the East Palestine fair grounds.

Hoppe Is Ahead

Chicago, April 25.—Willie Hoppe of New York, was leading Johnny Layton of St. Louis, newly crowned king of three-cushion billiards, 200 to 189, as they prepared to play the fifth block of their 600-point exhibition match today.

Hoppe won last night's block, 55 to 39, in 52 innings, after Layton had copped the afternoon affair, 53 to 45, in 63 innings. Each had high runs yesterday of five.

MICKEY MCGUIRE LEAGUE FORMED

Kelley Organizes Junior Circuit of Playground Ball For Boys

Despite the fact that the city possesses no diamond for regular baseball games, the children of Salem will have their baseball league again this year.

Joe Kelley, who started last year's junior league, has organized a Mickey McGuire league for the fifth and sixth grades of all the schools in the city. Playground ball, or "mush" ball as it is called, will be played.

Ten teams have already entered, and Kelley will make a personal trip to all the schools to drum up interest in the league.

A large silver loving-cup will be presented to the school whose team is the winner of the league championship.

Games will be played every Saturday, starting this Saturday, at the Columbia st school grounds and at Centennial park.

WIFFLER, DUNN BOUT JUDGES

Dr. George Dunn and Walter Wiffler, assistant athletic coach at Salem High have been selected to judge the bouts of the boxing show of the Foremen's club of the Mullins Mfg. Corporation at the Memorial building Friday night.

Wiffler was a member of the La-Crosse Normal boxing squad while at school. Dunn was a judge at the last Mullins show, and also the police benefit of two months ago.

Tickets for the bouts will be sold at Reich & Ruggie's until 5 p. m. Friday.

Second Trial For Davis Cup Tennis Team Aspirants

New York, April 25.—The Davis Cup committee announced today the completion of arrangements for a second trial tennis series for players who aspire to the American team. The trials will be held at the Triple "A" club in St. Louis from May 17 to May 20.

Players will compete by invitation. Although the Davis cup committee refused to name until later the men whom it will invite to try for places on the cup team, it is understood in tennis circles here that the invited would be Francis T. Hunter, with whom Bill Tilden holds all the major tennis doubles championships in the world; John Van Ryn, youthful Princeton star; George M. Lott, Jr. of Chicago; John Doe, of Santa Monica, Calif.; Lewis N. White, of Austin, Texas; Cranston W. Holman, of San Francisco and Frank Shields.

The present members of the cup team who will defend their positions during the trials are: Bill Tilden, captain of the squad; John Hennessey, of Indianapolis; Wilmer Allison, intercollegiate single champion; Arnold W. Jones, of Providence, R. I.; and Wilbur F. "Junior" Coen, of Kansas City.

Hauser Real Rival Now of Great Babe

New York, April 25.—Although Babe Ruth is one up on Buster Gehrig in the home-run sweepstakes today, the Bambino has a new rival in Joe Hauser, clean-up hitter of the Philadelphia Athletics. Hauser hit two homers against the Red Sox yesterday and now leads the circuit clouters of both leagues with four. Ruth's two home-runs against Washington yesterday gave him a total of three.

SHOCKER RETURNS

New York, April 25.—After dabbling in radio and aviation for several months, Urban Shocker has succumbed to the lure of the diamond and is back in the fold of the New York Yankees. The spitball pitcher has agreed to terms and will be in uniform today.

FIGHT RESULTS

At Los Angeles—Newsboy Brown of New York, won flyweight championship of Pacific Coast by knocking out "Speedy" Dado, Filipino flyweight, six rounds.

At Newark, N. J.—Pierre Charles, Belgian heavyweight, stopped Frank Zevita, Somerville, N. J., one round.

TRY THE SALEM NEWS

MOVIES

"MAN CRAZY"
Dorothy Mackall and Jack Mulhall, the popular team of First National players, are to be seen again on the local screen in a new film. They come to the State tonight in a rollicking romance of staid New England, "Man Crazy." The story is the love affair of a daughter of an aristocratic New England family, and a truck driver who proudly pilots the fastest truck on the Boston Post Road.

Adapted from the Saturday Evening Post story, "Clarissa and the Post Road," "Man Crazy" is an ideal vehicle for the talents of Miss Mackall and Mr. Mulhall, and their performance in this picture, together with that of the capable cast which supports them, make it a splendid entertainment.

"Man Crazy" has a pretty love story, action, thrills and mystery. It is ideal entertainment for picture fans of all ages, and both of the featured players do excellent work.

The picture was directed by John Francis Dillon, and produced for First National release by Charles R. Rogers. Included in the cast are Edythe Chapman, Phillips Smalley,

CAN NOW DO ANY WORK

Thanks to Lydia E. Pinkham's Vegetable Compound

Denison, Texas.—"I think there is no tonic equal to Lydia E. Pinkham's Vegetable Compound for nervousness and I have used Lydia E. Pinkham's Vegetable Compound for Constipation. I can certainly praise your medicine for what they have done for me and I wish you success in the future. I can do any kind of work now and when women ask me what has helped me I recommend your medicine. I will answer any letters I receive asking about them."

Walter McGrall, Ray Hallor and many other talented players. The settings are particularly beautiful, and the automobile chases some of the most thrilling ever shown on the screen.

"THE GORILLA"
The Grand announced today that "The Gorilla," the current feature, is the picturization of the celebrated Ralph Spence mystery-comedy sensation, and is not to be confused with a jungle picture of somewhat the same name. Charlie Murray and Fred Kelsey appear as Mulligan and Garrity, the two famous trick detectives whose antics made Broadway roar for more than a year.

"The Gorilla" as a stage play, is considered one of the best known mystery comedies. It was written by Ralph Spence. While the stage version was thrilling, the screen is said to have given a wider scope to the story.

The identity of the "gorilla" is left to the audience to solve. The gorilla seen in the picture is real, however. The ape-man weighed 400 pounds and stood nine feet high. In one of the scenes he carries petite Alice Day, the leading lady, in his arms.

An all-star supporting cast includes Alice Day, Tully Marshall, Claude Gillingwater, Walter Pidgeon, Gaston Glass and many others. Alfred A. Santell, who directed Richard Barthelmess in his great success, "The Patent Leather Kid," wielded the megaphone on "The Gorilla." Reports from those who have seen the picture indicate that it is very spooky.

STYLE EDICTS

Paris, April 25. — Fashion smiles on figured materials this spring and the patterned fabrics prepared for the season of 1928 are as gay and beautiful as any of their predecessors.

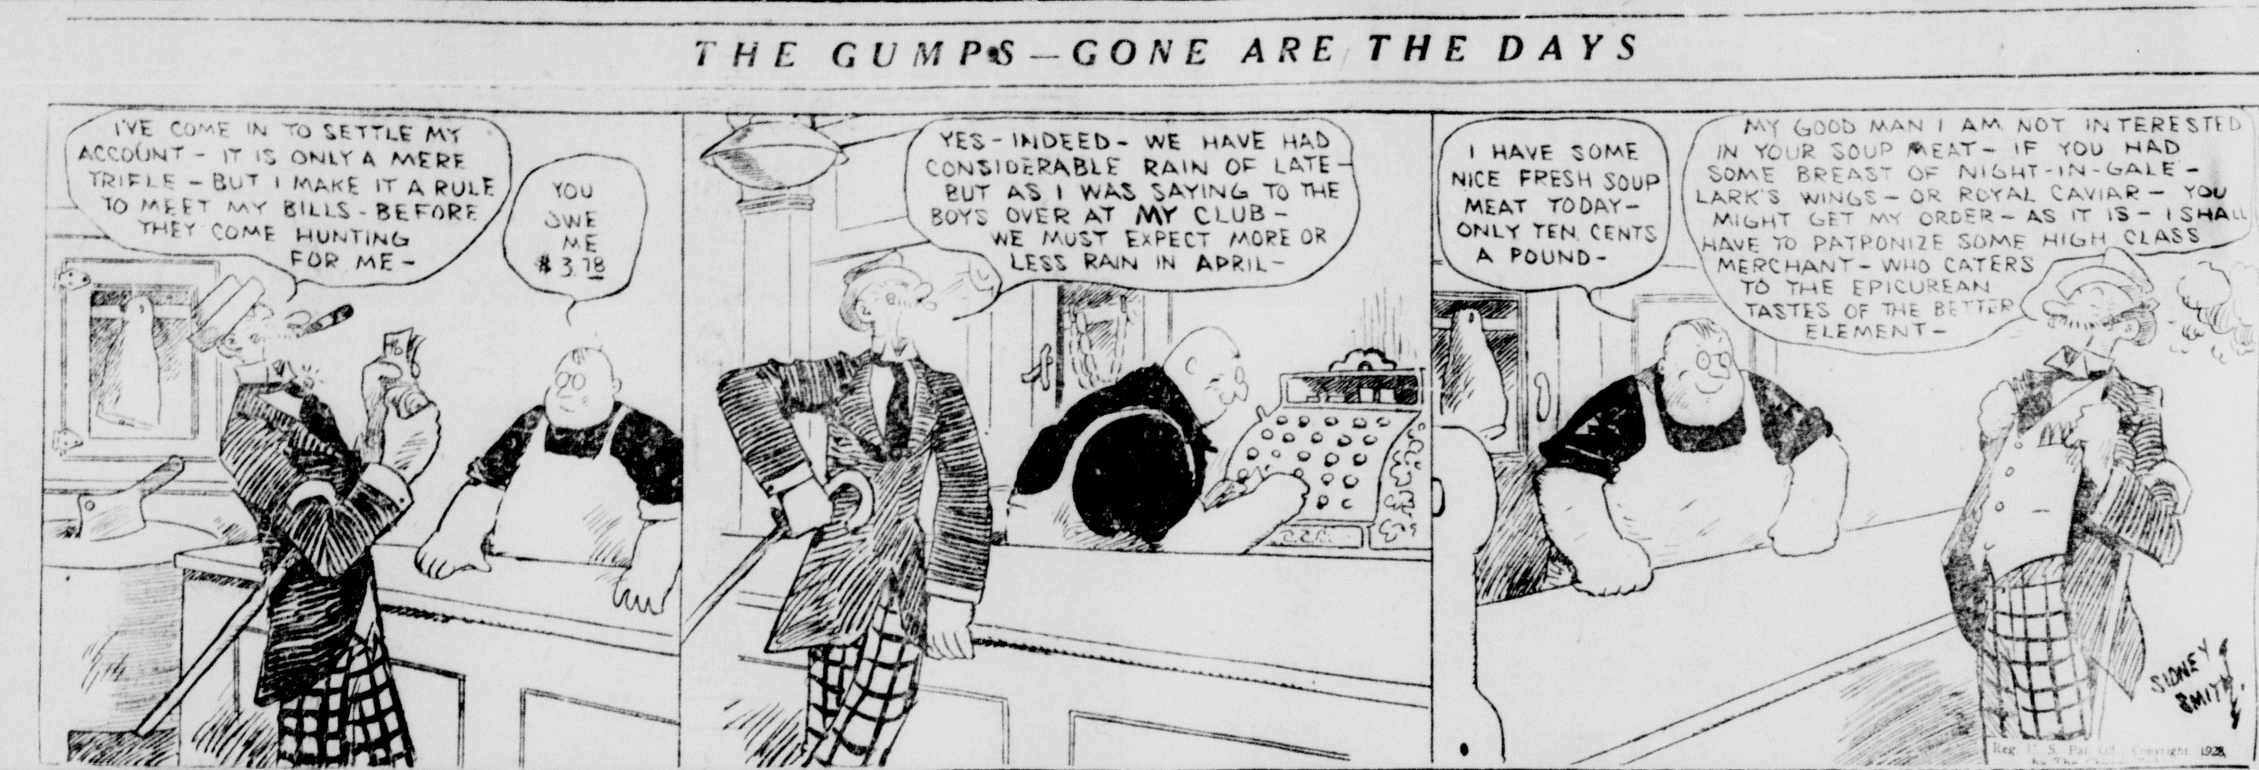

Among the newest are the printed georgettes. Plain materials of this kind have been popular all winter but the printed type is quite new. The designs as a rule are small and this is also true of the new figured crepe de Chines and foulards, some of which are in tiny little dots and triangles.

Woolen georgettes in plaid designs are especially attractive. There is one in geranium-red with faint lines in gray which is being used by several of the designers. A pattern of little nosegays scattered over a black or colored background is also popular.

The figured blouse is often seen with a plain ensemble giving a bit of brilliancy to the costume otherwise quite dull. The most frequent patterns are stripes and polka dots of all sizes from the pin-point to the collar circle. The polka-dot in various sizes prints a striking white china silk blouse on one of the newest models.

Printed chiffons show large floral designs on dark backgrounds. Le-leng uses black and white with good effect. A charming one in grey chiffon has very fine lines and the greyish pink background is enlivened with red poppies, a spray of which appears on the center front of the corsage.

Marquisette also comes printed. A lovely model in old gold comes with flowers of various colors. Very thin mousseline de sole in pen-line

patterns is used for afternoon frocks with short sleeves and collars and cuffs of white organdie. They are worn with plain coats which repeat the colors of the gown.

Daily Fashion Hint

A REALLY NEW COAT

Now, if one were to start out to enumerate the really new features of this coat, no doubt the snug-fitting shoulders would be mentioned first. Then there are the smart collar, the seven-eighths length, and tucked front and back. Quite enough smartness to embody in one garment. The soft woollens, the twills and heavy silks are suited to its development. Medium size requires 2 1/4 yards 54-inch material.
Pictorial Pattern No. 4227.
Sizes 14 to 18 years and 34 to 42 bust, 50 cents.

THE HOME KITCHEN

By Jeannette Young Norton

Out of the Ice Box

The contents of the icebox are frequently a mine of material for a quick meal. In the first place the icebox must be kept immaculate. If possible rinse the ice before it is put in and always keep plenty of it to keep the box chilled.

In the ice chamber butter, milk, cream, lettuce and perishable things may be kept, also uncooked meat and fish if wrapped in the vegetable parchment paper. The bottom shelf carries fruits and fancy vegetables leaving the middle shelves for cooked foods, left-overs, that should always be on clean small plates, in little bowls, or regular refrigerator dishes. From these shelves we get the emergency materials for the icebox meal.

For example, suppose we find leftover a little saucer of peas, another of a few mushrooms, and a little bowl of tomato sauce, right away we have a filling for a Spanish omelet. A few potatoes may be put in the oven to bake, a few large leaves of lettuce may be used for salad with onion sandwiches to go with it, and four bananas will make fritters for dessert.

If lucky enough to find a few cold boiled beefs we can have sweet sour beefs with the omelet course and we will have a three-course meal in no time. If there is not time to make the banana fritters slice them and serve them with sugar and cream, or with sugar and a little lemon juice, or with chopped nuts and honey, or with maple syrup.

Suppose we find a small quantity left of last night's rice pudding. We chop it up, put it into a freshly buttered pudding dish and add to it a few raisins, a little seasoning, and a cupful and a half of milk in which we beat two eggs. It comes out of the oven like a fresh pudding. If they are two or more kinds of meat left do not be discouraged but chop them all together after removing any bones or excess fat; then the meat may be made into croquettes, or it may be heated in a little brown, or cream, gravy and be served on toast, or be used to stuff green peppers for baking.

Cold boiled potatoes make good hot or cold potato salad sliced, broiled potatoes, fried in several styles, escalloped with cheese, reheated in boiling water, then mashed, creamed, fried in a batter, or made into potato cakes. If we find our crackers have lost their crispness heat them in the oven a few minutes and they will crisp right up again. If we prefer our bakers' rolls hot put them in the oven right in the bag set on a tin plate, and heat them.

If we have stale cake that is hard set it in a steamer long enough to heat through and soften slightly, then serve it with a little fruit sauce for dessert. If it had a hard frosting break it off before steaming. The frosting can also be melted in a little bit of hot water and be used as basis of a pudding sauce.

LEETONIA

The annual school exhibit of the work of the North Side school will be held on Thursday and Friday in the building on Main st., formerly occupied by the Spatholt Hardware company.

The first, second, third, seventh and eighth grades as well as the High school will be represented.

The Home Economics classes will have a large and interesting display. The mechanical drawing class and the geometry class will have drawings on display, while the French class will show French posters and other attractive exhibits.

Mrs. Grant Hart was the guest of her sister, Mrs. Emmit Coblenz of Columbiana on Monday.

A "May Dance" and party will be given by the ladies of St. Patrick's parish on Wednesday evening at the Knights of Columbus hall. The Southern Six orchestra of Leetonia will furnish the music. There will be old-fashioned dances and quadrilles. The evening will be divided into two parts. Cards from 8 to 10 and dancing from 10 to 12.

Mrs. Joseph Wilkinson and daughters, Misses Elsie and Edna Wilkinson, of Berry, Pa., were over the week-end visitors in the home of Mr. and Mrs. Oscar Calladine.

Mr. and Mrs. Dayton Hart, and daughter, Miss Kathryn of Beaver Falls, Pa., were over the week-end guests in the home of their parents, Mr. and Mrs. Grant Hart and Mrs. Alice Hendricks.

Miss Gladys Webb of Cleveland visited over Saturday and Sunday here with her parents, Mr. and Mrs. John Webb.

ARE YOU RUPTURED?

Truss Wearers, Here Is Good News

Expert Truss Fitter here Saturday, April 28th, at Lease Drug Store! On Saturday, April 28th, we will have with us Mr. P. McDonald, an expert truss fitter, direct from the factory of the G. & M. Truss Company, makers of the famous "KANT-SLIP" Truss.

Every truss wearer knows that truss comfort is vital to their health and happiness. So let Mr. McDonald fit you. Don't send your money out of town for much trusses at high prices. Don't wear a poor "it" truss, and suffer. Don't go without a truss and take chances.

The right truss properly fitted gives comfort and satisfaction.

Our store guarantees Mr. McDonald's fittings. Fit guaranteed, or no charge. Come and be fitted.

So much is demanded of morning energy

Food that "stands by" is necessary

A good morning means a whole good day, to a large extent. For now by studies of actual conditions in the home, in schools and in big business organizations, it has been shown that on an average, 70% of your work is done in the four crowded hours between 8:30 A.M. and 12:30 P.M.

This fact puts a big premium on morning briskness. In schools it is found that class leaders are usually children who are wide-awake and alert right up to noon. In modern industry, the morning is a top-speed, high-pressure period; no "dragging" can be tolerated. And in the home, women have found that in the smoothly-running household the important planning and heaviest work must be crowded into the morning hours.

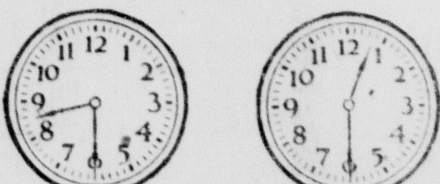

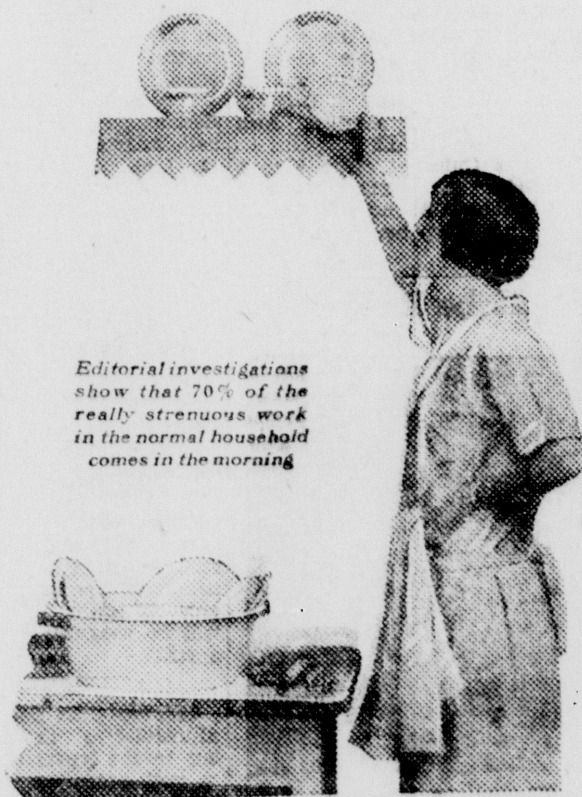

What you eat for breakfast makes so much difference in how you feel all morning that people are now preparing for their day's work more sensibly than ever before.

Thousands are turning to Quick Mother's Oats. They have learned that a good, substantial breakfast of this rich vigor food "stands by" them till lunch-time.

Oats is the best balanced of all the cereals. It has more protein (for tissue-building and tissue-repair). Plus minerals. Plus vitamins. Plus bran—needed for roughage. And of course an abundance of energy-material.

Because Quick Mother's Oats is made from the cream of the oat crop, by skillful methods—its finer flavor is instantly apparent. As delicate as nut meats.

This flavor is found only in the two kinds of Mother's Oats, the regular kind, popular for 50 years, and the new quick-cooking Mother's Oats—which cooks faster than toast.

Quick Mother's Oats

COLUMBIANA

At a meeting of the Columbiana Business Men's association held Monday evening in the American Legion hall, it was decided to observe the same Wednesday afternoon closing rules this summer as in the past, beginning May 2 and continuing until October 1.

New officers of the association were elected, as follows: President, Leo Holloway; vice-president, Dan Miller; secretary, Oscar Lesh; treasurer, C. E. Keller. Mr. Holloway, who was not present at the meeting, states he will be unable to accept the office of president.

Rev. Charles Frederick Jones, pastor of the local M. E. church, was the speaker at the Monday evening meeting of the Columbiana Rotary club. His talk was principally about civic matters, and he particularly stressed the need of a community playground for Columbiana children. Isaiah Mowen is representing the local club at the annual conference of the 21st Rotary district at Cleveland.

Miss Elizabeth Rotten of Germany, under the auspices of the local W. C. T. U., gave a lecture Monday evening in the Methodist church, telling of relief work in Germany during the World war.

The Misses Sara Snyder and Mary Zimmerman will entertain members of the Kurn-A-Gen club Thursday evening at the home of the former.

Mrs. Mary Cole, who is recovering from an attack of pneumonia following a serious operation, was brought Monday from the Salem hospital to the home of her daughter, Mrs. C. B. Fuhrman and family, North Elm st.

Mrs. Presley Wilson is substituting in the second grade of the Columbiana schools in place of Miss Mildred Mowen, who is ill at her home on North Main st.

Mr. and Mrs. W. C. McKain of Youngstown were in Columbiana Monday afternoon attending the funeral of Mrs. McKain's brother, T. E. McKain, of Detroit, Mich.

Mrs. J. V. Esterly and Miss Hannah Trucksas were Youngstown visitors Tuesday afternoon.

Franzo Miller of Alliance visited Sunday with W. Trucksas and sister, Vine st.

Mrs. Grant Hart of Leontonia was a Columbiana visitor Monday.

Chicago—The "mile away" blood transfusion attempted in an effort to save the life of Mrs. Max Goldman, has failed. Blood was taken from the donor at a hospital and carried in a special container to Mrs. Goldman's home. She died shortly after the operation was performed.

BRINGING UP FATHER

Kansas City—Mary Pickford is to continue to make pictures though her mother's death leaves her little inclination. "The retirement" talk is idle street gossip," said Douglas Fairbanks, enroute with Mary for New York and Europe.

Patriotic naval officers in Greece have contributed part of their pay toward the purchase of a submarine.

EAT WHAT YOU WANT!

Don't Suffer From Stomach Disorders Sourness, Gas, Bloating, Dizziness Headache, Shortness of Breath Pains Around the Heart.

These symptoms of stomach trouble are quickly relieved by Dr. Jackson's Digestive and Liver Powder. This simple home remedy has been successful for nearly 40 years in assisting deranged and overworked organs to regain their normal healthy condition. Its purpose is to aid digestion, prevent food from fermenting in the stomach, and stop the formation of gas. It also tends to improve the complexion by preventing Uric Acid from forming and entering the blood. Safe, inexpensive and easy to take. Sold at all good drug stores. Write for a free sample to The Jackson Medicine Co. Dept. S. Zanesville, O.

ABOUT HEBERLING'S ANTALGIC LINIMENT—"Many poultry raisers have found Heberling's Antalgic Liniment an exceptionally fine and effective medicine for cholera in poultry and for dysentery and white diarrhea in chicks. It can be fed either in drinking water, or in wet mash. The proper way to feed in drinking water is one tablespoon of Liniment to one quart of water. This same solution is the correct mixture for mixing a wet mash. The stimulating effect of this medicine will keep poultry healthy and also reduce the loss of baby chicks from dysentery and white diarrhea. The Heberling Dealer, J. N. Metts, 203 Jennings Ave., Salem, Ohio. 97r

ANOTHER GREAT BARGAIN!
INVESTIGATE AT ONCE!
This property is located only 5 1/2 miles from Salem and consists of 26 acres productive soil and is one of the finest country homes in the locality, with fine lawn and abundance of shade and shrubbery. 15 acres under cultivation and the balance in spring-watered pasture. A fine orchard of assorted fruits and berries. An extra good home of eight rooms and bath with acetylene lights, also steam heat. Barn 36x40. Poultry houses and all needed out-buildings. A property of this type should sell for \$6,500.00 to \$7,000.00 but the owner says it must be sold by May 1st, and has reduced the price to only \$4,200.

SCIENTIST ENDS 3 YEAR VIGIL IN CHILEAN DESERT

Smithsonian Chief Gets New Measurements Of Heat of The Sun

Washington, April 25.—Buried three years in the nitrate deserts of Chile, in a country so lonesome that even Indians could not be hired to remain, H. B. Freeman, Smithsonian Institute astrophysicist, has returned to Washington after scientific research in connection with measurements of the sun's heat.

The Smithsonian solar observatory near Calama, Chile, is one of the three stations scattered over the globe where the institution is making daily computations of the sun's radiation. These observations are being taken over a long term of years with a view to collecting proof of variation and determining the amount so as to provide data from which to learn the influence of the variation on the earth's weather.

No Animals

Freeman, who was accompanied by his wife, declared that the desert is too barren to support animal or plant life. During the three years there not one wild animal—a fox—was seen and that was near Calama.

"Our drinking and washing water was hauled by automobile from Calama, twelve miles away," Freeman said. "This was snow water piped down from the mountain by the railroad company."

Fresh food, excepting meat, was a rarity. Occasionally vegetables were sent in from a coast, 600 miles away. Fresh eggs sell for \$1.50 a dozen in the winter months.

In an effort to relieve the monotony of life at the observatory the Smithsonian equipped it with a radio, but static was so bad that the finest and clearest results sounded like a hail storm, according to Freeman.

Despite the desolate life on the desert, Freeman said that neither he nor his wife looked upon the hardships of their solar observatory life as "more than inconveniences," and considered them of no moment in view of the importance of getting solar measurements for a long period.

Continued Investigations
Freeman, after a vacation in California, will be stationed in Washington to prosecute investigations in connection with solar radiation investigation under the direction of Dr. C. G. Abbott.

The studies, which have been in progress several years, have convinced Dr. Abbott that the variation in radiation of the sun has a pronounced effect on terrestrial weather. It has been observed that in periods of maximum radiation lower temperatures have existed generally over the earth. Such a period is now present, the sun spots being at their maximum activity.

This is possibly due to the fact that maximum sun spot activity tends to large magnetic influences creating storm periods. Heavy cloud formations may cut off some of the sun's radiation from the earth and thus cause temperature decline.

HOMEWORTH

Miss Catherine Klopstein, of Louisville is very ill. She is a sister of P. H. Klopstein of Homeworth.

Miss Jane Hoffman who has been very ill for some time shows very little improvement.

Mr. and Mrs. L. C. Betz of Homeworth and Mr. and Mrs. Elgie Bowman and daughters of Canton spent Sunday with Mr. and Mrs. Scott Guthrie of New Alexander.

The drama "Peaches" presented by the Knox township High school pupils at Fairmount Grange hall, Thursday evening was a decided success and much appreciated by a large audience.

Roy Johnson of the Nash Motor company, Alliance, was in Homeworth on business Monday.

Mr. and Mrs. Walter Morris will move into the property of Mr. and Mrs. Emmett Glass, May 1st.

Mrs. Earl Thomas had the misfortune to tear the ligaments in her ankle by a fall down a flight of steps. The injury is very painful. She is about the house by the aid of crutches.

George Lief has his residence newly painted.

Ralph Stump had a telephone installed in his home last week.

Mr. and Mrs. W. P. Thomas of Alliance called on relatives here Tuesday evening.

Mrs. D. W. Thomas and Mrs. E. E. Grimes were to Minerva on business Wednesday afternoon.

A large number of relatives and friends attended the funeral services of Daniel Ruff at the Moultrie chapel Friday. Burial was made in the Church cemetery.

A large number of fruit and shade trees are being planted in this vicinity this spring.

Mr. and Mrs. J. O. Grimm and family of Alliance called on Homeworth friends Sunday.

P. W. Freshley was to Lisbon on business Monday.

Mrs. Harold Eckert was hostess to members of the Sardonyx club at her home in Homeworth Thursday evening. A goodly number were present and an enjoyable time was had. A delicious lunch was served.

Havana—The Cuban budget for the year 1928-29, made public recently, estimates the expenditures at about \$83,000,000, and the revenues somewhat in excess of this amount. The estimates include \$250,000 for expenses of the National Cuban Sugar Defense association; \$100,000 for the recently created Cuban Tobacco Defense Force, and \$475,000 for veterans' pensions.

Beethoven Essay

This is another of a series of the best papers written on the life of Beethoven by music pupils of the eighth grades. The following paper was written by Bernice Davis, 8-A.

"Ludwig van Beethoven's grandfather was a Dutchman, and was respected by everyone. He was a bass singer. Young Ludwig inherited his noble ways, and was very fond of his grandfather. The grandfather died before Ludwig was four years old. Ludwig's mother was rather pretty and was the daughter of a cook. His father was a tenor singer, and a drunkard."

"Ludwig van Beethoven was born Dec. 16 or 17, 1770. He was born in Bonn, Germany. Ludwig's father heard how Mozart made a musician out of his son, so he thought he would try that, too. Ludwig's first teachers were his father, and a friend of his father's. They were cruel to the boy and made him practice very much. Sometimes they would go to the tavern, and when they came home they would make Ludwig practice until morning. When Ludwig was 11 years old, he composed his first music."

"When Ludwig was 17, he went to Vienna to see Mozart. Mozart was quite pleased with Ludwig and predicted that he would be a great musician some day. When he was 18 he heard his mother was very ill, so he returned home. Soon after his return, his mother died, then his sister. He was very sad. After the death of the mother, the father went from bad to worse. He drank more than ever. Many times he was arrested, and many times Ludwig saved him from the hands of the police. From when Ludwig was 18 until he was 22 he had the entire responsibility of the family."

"Then Ludwig went to Vienna never to return to Bonn. Here he studied under Haydn and then Neefe. His deafness started when he was 28, and by the time he was 38 he was totally deaf."

"When he was 35, he wrote his one opera, 'Fidelio.' He wrote three sonatas and nine symphonies. His brother died, after he had written 'Fidelio,' and Beethoven took his son, Carl, to live with him. Many times Carl was dishonest and lied to his uncle. Finally he developed a very bad name in Vienna."

"Beethoven decided to pay a visit to his brother Johann, in Vienna. So taking Carl with him, he went to Vienna. The brother did not like Beethoven to visit him very well. It was in the winter and Johann's home was very cold. Johann also furnished Ludwig with very poor food. On the way home, Ludwig developed a cold. When he arrived home he went to bed, never to get up."

"On the 26th of March, 1827, there was a great storm going on. All at once, there was a great streak of lightning and then a great crash of thunder. Beethoven rose up in his bed, and raised his hands high above his head, going through many fantastic gestures. As the thunder rolled off in a distance, Beethoven fell back, dead."

"Beethoven was the greatest musician I know, and he well deserves his fame."

Vernon, Ind.—A time withered document, the charter of the Clonian society, founded July 17, 1855, has established the claim of this village to being the birthplace of the first Women's club in America. Tucked behind an ancient quart whisky bottle and a Bible, in the corner stone of the old Vernon High school, the document was found recently when the building was torn down to make way for a newer structure.

Don't Make a Toy Out of Baby —Babies Have Nerves

By RUTH BRITTAIN

Much of the nervousness in older children can be traced to the overstimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Pretentious, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep; yet it contains no drugs or opiates. It is purely vegetable—the recipe is in the wrapper. Leading physicians prescribe it for colic, cholera, diarrhea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria, you get a book on Motherhood, worth its weight in gold. Look for Charles H. Fletcher's signature on the package, so you'll get genuine Castoria. There are many imitations. Adv.

Others Did It

Have we forgotten Alcock and Brown (top), who spanned the Atlantic by air in a single hop in 1919—the first men to do it? Sixteen hours from Newfoundland to Ireland was their time. Brown is still living, but Alcock died in a simple plane crash in Paris.

Preferred!

If you can't decide whether you like blondes or brunettes best, here's a bit of evidence that'll help you to make up your mind. Artists love to paint her blonde beauty and theatre goers rave over it. She's Elsa Cover of 659 West 173rd st., New York city.

"When people tell me how much they admire my hair," she says, "I'm always happy to tell them what I do to keep it soft and gleamy. It's really no trouble. All I do is put a few dashes of Danderine on my brush each time I use it. That's the way nearly every really smart girl I know is doing hers. My hair doesn't need shampooing more than once a month, now. My scalp feels better than it ever has felt. It has gotten rid of all my dandruff, and it makes my hair easy to dress and holds it in position."

Danderine is not only. It removes the oily film from each strand and restores the natural color and lustre. It dissolves dandruff, cleanses and invigorates the scalp. It is delightfully fragrant. The big bottles are just 35c at all drug stores. Smooth, gleaming healthy hair for a few cents. Adv.

Marine Musicians To Publish Most Famous Of Folk Songs

New York, April 25.—Fifty years from now, in the opinion of Sir Philip Gibbs, British journalist and novelist, there will be—

No motor cars.

No restaurants.

Perhaps no telephone or telegraph.

And maybe no newspapers.

By 1978 all this thing will be out of date, he says in his new book, "The Day After Tomorrow," which concerns conditions that will exist a half century from now.

In 25 years, he predicts, the motor car will be obsolete because by that time the airplane will run around the ground as well as over it.

Aerial Highways Crowded

"The ordinary man will take the air as now he gets into a motor car," he writes. "The aerial highways will be crowded with the traffic of tourists, trippers, traders and persons paying social visits to friends and families hundreds of miles away."

Fifty years from now there will be no restaurants, according to the picture he envisions sitting before his typewriter as if it were a crystal glass. He says there will be "no public banquets with 17 courses to poison the guests, no anxiety for the young married woman who has been advised to feed the brute."

"There will be," he explains, "a few bottles of A. B. C. or D vitamins on the mantel shelf from which the family and friends will help themselves—just a drop or two on a dry biscuit—when their intellectual activities call for a little refreshment."

Thought transference, or mental telepathy, will be in use years from now. It probably will have displaced the telegraph and telephone, he thinks by 1978. He visualizes the hard-working business man going into a darkened room, where he can

concentrate and establishing mental communication with a client or a prospect in another country, thousands of miles away.

Newspapers In Museums

Newspapers may become curiosities, to be found only in museums, because, he believes, television will permit movie audiences to watch and hear the scene of contemporary history as it is being enacted all over the globe. When television reaches its full development, it is Sir Philip's idea that reading may become only a hobby to the old-fashioned folk and great students.

Sir Philip insists that what he has written in his new book is not fantastic. He cites the cold statement of scientists to establish that his theories are logical in view of the irresistible march of progress. This is not his first venture in prophecy. In a previous volume, "Ten Years After," he made predictions that since have been verified, particularly ones that related to aviation and its possibilities.

The "FLAVOR ZONE" oven browns and cooks automatically

The oven, and oven control, of the Westinghouse Electric Range have been specially designed to give "FLAVOR ZONE" cooking automatically.

That is—it automatically browns the roast first, and for just the right length of time to seal in the rich juices and flavor, and then it draws this goodness into the meat by cooking at an automatically lowered temperature. It does all of this without work or worry on your part.

For 6 o'clock dinner, you can place a cold roast in the

cold oven any time in the morning, make two simple adjustments as predetermined for you by Westinghouse cooking experts, and then forget your cooking until dinner time.

No other range, either fuel or electric, performs both the browning and the cooking operations automatically—no other range can give you such complete freedom from the kitchen.

Come in for demonstration, or if more convenient, phone or write for "The Story of Flavor Zone! Cooking."
